

## **Anthony Stephen Fauci**

### **Gematria File**

**White Light** – Fauci was educated in a Jesuit university. The Jesuits are thought by many to be a Luciferian order. The Bible tells us that Satan often manifests as an “angel of light,” which would make sense because the name Lucifer means “light-bearer.” Fauci it is said does not call himself a Catholic anymore and thinks of himself as a humanist. Thus, he has walked away from any semblance of God and has joined the “light bearer” in darkness.

**New Normal** – Interestingly, this word is equal to Fauci in number value because the public is being brainwashed to think that society will embrace a “new normal,” wear masks, distancing and other things that have become a temporary norm, will be forced as the “new normal,” for society.

**One Hundred Forty-Nine** – This is interesting because it involves three numbers 1,4 and 9. Yes, it equals 149, but if we look at Isaiah 14:9 there is an interesting prophecy about an individual that the texts address as the King of Nations. The King of Nations becomes weak, and the other kings and rulers question him. Two or three verses down the text talk about a fallen Lucifer, who is personified in the King of Nations, probably a human King (Possibly Nebuchadnezzar) who is addressed in the text. In any case, that Fauci’s name value equals one hundred forty-nine (spelled out in letters) would equate him in league with the Kings of The Earth who are weak in comparison to The King of Heaven and Earth.

**Transmigration of The Soul** – This term is Buddhist and Hindu in tradition. It refers to the soul in their doctrine of reincarnation, where the soul of a dead person migrates from the dead person to another body that it will inhabit in another life, in an endless cycle until Nirvana is attained. Aside from talking to Fauci to get his deep-seated views on life, death, and the afterlife, we cannot know how he believes regarding reincarnation. As a humanist, however, he has to believe in doing good for the common good, which is a Buddhist/Hindu principle, and if you mix that in with resurrection it could be that Fauci has a warped sense or mixture of Humanism, Eastern Religions, and Catholicism. It is not uncommon today for regular Christians who are unschooled in their religion to believe in reincarnation and karma.

**The Shadow** – This phrase could apply very well to Fauci, seeing that he works for the Deep State but is a double agent that pretends to work for Trump. Trump knows who Fauci is. He once remarked on the podium that Fauci needed to leave and return to the State Department, and then corrected it to The Deep State Department, which caused Fauci to hand shadow his face for the rest of the time at the podium.

**Incarnation of The Mary Magdalene** – I see no correlation between this word value and Dr. Fauci.

**The File on You Complete** – This is interesting because Fauci is working with the Bill and Melinda Gates Foundation, working loosely but working with it nonetheless. It is the aim of Bill Gates, who has said that he'd like to reduce Earth's population, to produce a vaccine that might just help him achieve that goal. Also, the Gates Foundation, along with the Rockefeller Foundation, wants to implement a system where those who receive the vaccine and those that refuse it will be cataloged along with all of their health information. Possessing the record that you are compliant will give you perks, while non-compliance will put someone on a list where

they could be denied many things in society, including the right to shop, obtain medical health, buy or sell. Sounds remarkably like the Mark of The Beast mentioned in the Book of Revelation.

**Communitistic Lyrics** – The first thing that came to mind when I read this match is the lyrics to the song by John Lennon titled, “Imagine.” President Trump, at a speech where he had Fauci as a speaker said that Fauci had to “now leave to go back to the State Department, or maybe ‘The Deep State Department,’ is a better name for it.” He was acknowledging that Fauci was involved with the Deep State, or the New World Order. The lyrics to “Imagine,” are important here because they lay out the plan for implementation of the Deep State’s, One World Order:

<p>Imagine there's no heaven          It's easy if you try          No hell below us          Above us only sky          Imagine all the people          Living for today... Aha-ah...</p>	<p>Attack on Religion: One of the main aspects of the quarantine was the closing of churches and synagogues. Even when businesses opened up, the order was to keep churches closed.</p>
<p>Imagine there's no countries          It isn't hard to do          Nothing to kill or die for          And no religion, too          Imagine all the people          Living life in peace... You...</p>	<p>Fauci is good friends with the World Health Organization. The Deep State focused on medical information coming from the WHO. The data from American and other “nationalistic” doctors were dismissed and ridiculed.</p>

<p>You may say I'm a dreamer          But I'm not the only one          I hope someday you'll join us          And the world will be as one</p>	<p>The goal is for the “world to live as one,” meaning one world, one system, and the dismantling of nation-states.</p>
<p>Imagine no possessions          I wonder if you can          No need for greed or hunger          A brotherhood of man          Imagine all the people          Sharing all the world... You...</p>	<p>No possessions become possible when people have no jobs because of a quarantine. Also, children were sometimes taken from parents that did not “comply” with the orders of the elites, those who wanted freedom.</p>
<p>You may say I'm a dreamer          But I'm not the only one          I hope someday you'll join us          And the world will live as one</p>	<p>Again, a call for people to be one, one earth without nation-states.</p>

While we will never know if Fauci reveres this song, but his actions are helping to bring about the realization of a One World Order.

**Burnsville** – A cursory look at the meaning of the name Fauci, found at Ancestry.com yielded the following meaning, “Southern Italian: metonymic occupational name for a sickle maker or someone who used a sickle, from Sicilian Fauci ‘sickle’. A sickle is metaphorical in the sense that scripture says that God will cause an angel to harvest the earth. Harvest was done with a sickle before modern harvesting tools were invented. Robert F. Kennedy Jr. is on record as saying that both Bill Gates and Anthony Fauci will profit greatly from a COVID-19 vaccine. Bill

Gates has said that the Earth is overpopulated and that the population must be reduced, and what better way than with a vaccine that could lead to the death of millions, if not billions. At the height of the COVID outbreak, many nations cremated the bodies of the dead victims of the virus, especially in Italy. So, with Fauci promoting a vaccine that Gates helps to produce will cause the burning of corpses in numbers that now is hard to imagine. Fauci reaps the people with his sickle, Gates kills them (or sends them to the burn pile) and the population is reduced just like Gates would like to see happen.

**Anne Sullivan** – No Correlation at this time.

**Greek Goddess the Holy Sophia** – The origins of the name Sophia are Greek. Sophia was the Greek goddess of wisdom. Another word associated with Sophia is Gnosticism or worldly wisdom. Anthony Fauci is on record as saying that he doesn't consider himself a Catholic, but a humanist. A humanist is someone that elevates mankind to godhood and man's wisdom to eternal wisdom.

**The Devil and His Angels** – This one is self-explanatory. Before the flood of Noah's time, it is said that the fallen angels gave technology to mankind. Some of that knowledge was genetic manipulation. Any vaccine for COVID will no doubt involves RNA manipulation.

**Illuminati Members Do Not Eat Meat** – This is not substantiated but Fauci is known to hobnob with Illuminati members.

**Wasn't me** – Fauci has a history of abuse toward fellow scientists that find evidence that suggests that his theories are not factual. Dr. Mikovitz is such a person. He ruined her and had her jailed, but denies that there was a problem between the two. In essence, he's saying, it wasn't me. Also, the term, "wasn't me," can also be attributable to Fauci seeing that in scientific circles, discoveries are almost found by "teams," of scientists, not individuals. Fauci has taken credit for the work of others. Let's see if when one of his ideas or inventions goes awry, he cries out, "wasn't me."

**Ignorance is violence** – We can see that this is evident in the life and mission of Fauci. First, though we have to clarify that there are at least two types of ignorance, willful and unwilful. Unwilful occurs because a person or people do not know the data involved. A good example would be why people believe the mainstream media. They have been taught that mainstream media tells the truth, so they believe what they are told by the mainstream media. On the other

hand, willful ignorance would be exemplified by someone accepting what the mainstream media says knowing full well that the mainstream media has an agenda that confirms their twisted look at reality. They willingly believe a lie to promote their agenda. Where Fauci is concerned, he willingly accepts faulty data because he knows that faulty data will promote the New World Order. His willingness to accept lies as truth to further his agenda promotes the death of patients that could be saved using other medication regimen and/or that the vaccine that he is waiting for Bill Gates to produce (through Gates' funding) will promote violence because it will promote the death of many people (violence) or the tracking of such people for the later roundup of such people and the death thereof at that later time.

**Excavating** – Excavating is defined as digging to find hidden truths or to make a level area for construction. It is no secret that Fauci is a player for the Deep State. President Trump and other patriots have put roadblocks, ditches, and fortifications in place that the Deep State is finding hard to overcome. With one manufactured crisis, Fauci has leveled out the playing field, or should I say the battlefield for the Deep State to proceed in ousting President Trump and/or fighting him on a level battleground.

**Bernanke is Leviathan** – A little introduction is in order here. Ben Bernanke was the Chairman of the Federal Reserve for two terms. He is known as an anti-deflationist. To put it in simpler terms, he is in favor of inflation and thinks that inflation is good for the economy. Inflation means that prices for everything rise for people like you and me. Inflation leads to higher interest rates for us when we buy houses, automobiles and it is usually accompanied by higher taxes which are used to pay the Federal Reserve (in the long run) for their help, which doesn't help. Picture you paying your waitress for a bigger tip for worse service, get it? Leviathan is found in the Bible. "In the Old Testament, Leviathan appears in Psalms 74:14 as a multiheaded sea

serpent that is killed by God and given as food to the Hebrews in the wilderness. In Isaiah 27:1, Leviathan is a serpent and a symbol of Israel's enemies, who will be slain by God. In Job 41, it is a sea monster and a symbol of God's power of creation. So, to put it together, Bernanke is a creature with great power (like the chairman of the Federal Reserve?) that God hates and kills in two accounts. The power of Bernanke (Leviathan) will be broken and trodden under the feet of YHVH, which indicates that God will somehow do away with the Federal Reserve and the pro-inflation system that Bernanke has built out of stone.

So, what does this have to do with Stephen Fauci? Fauci is to the medical world what Bernanke is/was to the financial world. Fauci is setting up a system where we will all be under his authority under the guise of the CDC or takeover of our health system by the World Health Organization, which Fauci is very closely tied to. While a scant few want a vaccine for COVID-19 and anyone with sense knows that this infection will burn itself out sooner or later, Fauci will have medical inflation forced upon Americans. Fauci is the Leviathan of the medical world. He seems mighty now and his words are seen almost as messianic, but at the right time Fauci's plans will come to an end, and will be killed by YHVH, much like in the real world, Trump has taken over the Federal Reserve and is quietly converting our monetary system to one that is on the Gold Standard. I do not doubt that somehow Trump will come up with a cure (well he has already) for COVID-19 and it will be the standard for a cure, not the Gates/Fauci Vaccine.

**Bloodwork** – Scripture is quite clear, that life is in the blood. Reliable rumors are going around that people who have gotten over the COVID-19 infection have antibodies that can help COVID sick people recover at a very fast rate. Fauci is well aware of this, but he resists (is willfully ignorant) about the successes of plasma therapy. He will ignore the blood curing aspect of

plasma therapy. So “bloodwork” having the same gematria value is an antithesis to the name Fauci.

**Synentasy** – I loved medical terminology class because it made us break down words into prefixes, root words, and suffixes. Researching this word was not easy. There are only three words in the English language that end in “asy.” One of those words is Apostasy, which means being in the condition of being apostate in nature. A search of Synentasy never yielded a formal word. There is a song with that title, however, I was not looking for a song. The song is played by Fluxus Quo, and it is a song that is synthesizer made with no words, so even if I was looking for the song there are no words to equate it with Anthony Fauci.

A look at the meaning of the Latin/Greek Prefix, root word, and suffix yielded something interesting. The prefix “syn,” means to be in the same area or one thing reacting with another thing in a close bonding condition. The word “ent” means of all things a humanoid troll-like creature. The suffix “asy,” as mention before means basically, “a condition of.” Putting them all together, the word Synentasy means to be in a condition where one has a close bonding with a humanoid troll-like creature. On a funny note, Fauci is a small man, so maybe he’s a small troll-like creature that can morph into human form, or a probable better meaning is that a small troll-like creature is in communion with Fauci and gives him his medical prowess and his almost magical way of hanging on through very different administrations of presidents while being the champion of each. Also, knowing that he hobnobs with the likes of the Rothschilds and Rockefellers gives better credence to the latter explanation.

**Evil Trillionaire** – As of this writing, there are no individuals (known anyway) that are worth a trillion dollars. However, if you look at companies that are close to being worth a trillion dollars, the first on the list is Apple, which is worth over 900 billion dollars. But guess what company is

second in line? If you said Microsoft then get yourself a cigar and toast your prowess. As you know, Bill (I want to reduce Earth's population) Gates founded Microsoft and I guess that he owns a major share of the company. Microsoft and Gates are so intertwined, that it is not hard to imagine that if Gates pulled out of Microsoft, the company would fold or take decades to recover. In addition to Gates' desire to control Earth's population, he also has the software to make it possible. In his little girly hands, he holds the keys to accomplishing his goal, and quite easily if YHVH decided not to war with Leviathan.

So where is Fauci involved in this? Simple, he is in league with Gates. With Fauci's knowledge and Gates' money and software capability, they could control every human on the face of the earth, perhaps by injecting people with tiny chips within the COVID vaccination that it seems everyone will be required to take.

**He uses unholy magic** – Of all of the terms, this is the easiest one to define. We are told in the Book of 1 Enoch, that the fallen angels gave mankind many of the secrets of heaven when they came to earth to manipulate mankind. One of those secrets was the manipulation of genetic structures. Enoch tells us that mankind created all sorts of chimeras before the flood of Noah's time. Some of these are exhibited in the machinations of the Greek Gods of mythology. They were probably memories of creatures created before the flood, and perhaps even after the flood. What I'm trying to get at here is that gene manipulation was used in the past, and Yeshua told us that when it returns the world will be like it was during the days of Noah, hence, more genetic manipulation.

That having been said, we have been told that viruses, as well as bacteria, have been genetically manipulated, they don't even try to hide it. We are told that part of the vaccination process is to alter the way that the virus hides by using its host's RNA. This sort of thing is what Gates is

funding, and Fauci is advocating as a cure for COVID-19. Also, there is no telling what else will be in the vaccine. IF one were to believe what is readily available to read about current vaccinations it is one scary subject, concoctions conjured up by scientists using technology and unholy magic given to them by the same fallen angels that perverted mankind before the flood.

**Catherine Valentin** – No Connection made

**Narcissistic Bully** – I encourage you to watch a video on YouTube by Dr. Judy Mikovitz, who was fired by Fauci because she questioned his morals and ethics where research and development are concerned. Not only did he fire her, but he also had her jailed and ruined her financially. These are not the actions of a good research doctor, but the actions of a narcissistic bully, probably one with sociopathic traits.

**Heyuan City** – Companies such as Sparking Technologies and Alpha Pack produce face masks for medical purposes. Maybe Fauci changed his mind on face masks because he's got an interest in these companies?

**Insane Delusions of Grandeur** – It is no secret that Fauci knows that hydroxychloroquine and azithromycin in combination cure people of the COVID infection, yet Fauci denies this and is critical of those who present it as being true. We are told that a vaccine is maybe a year or two away. Holding back on medicine that is proven to work on COVID-19 in place of waiting for a vaccine that might never come into existence is an insane notion, not just insane, but genocidal. There are accounts of Fauci, made by prior coworkers and employees that Fauci has the “my way or the highway” mentality and that he considers himself special. He seems to fit in with whatever crowd that he is in with at the moment. For instance, he has worked with both leftist and American presidents as though his mission is so far above that of even his bosses that it

doesn't bother him. His latest brainchild is the vaccination that Gates is promoting. It has caused him to put the brakes on all other alternatives so that he can become famous and leave a legacy along with Gates that they saved the world, even though countless numbers of people have died waiting for the vaccine and even greater will die after it is released for injection into the American and international public who will most likely drop like flies because it will be a vaccine that will not be vetted with all of the needed FDA guidelines for blind and double-blind studies.

**The Abuses of The Catholic Church** – Whether Anthony Fauci suffered abuses while a practicing Roman Catholic may never be known. He is a professed humanist. He does have a big problem with germs that are passed along during the administration of the wafer and the wine.

**YHVH I'm Gd** – Fauci is a professed humanist. He has made comments about wanting to do good without having to worry about getting credit for his good deeds or punishment for things he might get wrong. It must be noted that professed humanists are in effect, atheistic. They put humanity into a god box, trying to attain godliness but denying the power behind godliness. Atheists believe that mankind can elevate themselves to a godlike position. So, the phrase YHVH I'm Gd is not a statement that Fauci is reciting from scripture in the worship of El Elyon, it is a statement that Fauci thinks that he is a god in his rite.

**Alpha Beta Proxima Centauri** – I took the opportunity to research if any beings are claiming to come from this star system, and supposedly some channel through the medium's stating that they come from there. Knowing as we do that Aliens are not extraterrestrials, but fallen spiritual beings in other dimensions, it is possible that these beings (fallen angels) are involved in giving Gates and Fauci the recipe for the COVID-19 vaccine.

**Image of the invisible God** – Aside from trying to circumvent the actions of God Almighty I really can't make any correlation between Fauci and this phrase.

**Jesus Mammon** – This seems to me to be an edict that Fauci needs to listen to. Either you choose Jesus which is eternal bliss, or you choose Mammon, the demonic entity that is over worldliness acquisition of money, power, and fame. Since Fauci had a very devout father who loved Jesus dearly and had to hear sermons about God vs. power and money, it is clear that the humanist Anthony Fauci has chosen the latter.

### **SUMMARY:**

Anthony Fauci is an Illuminati member that has been placed in high positions to be able to dictate policy. If President Trump made one big mistake, it was to take advice from Fauci. Fauci has served under several administrations of varying and questionable political determination. President Trump is a smart man, but choosing Fauci for advice was a grave error, and that decision aided in him being so opposed by the people that elected him.

We saw that Fauci is a deep initiate in the Illuminist Order. The picture that I presented should be ample evidence. People do not pose with some of the highest Illuminati families without being themselves Illuminati. The numeric value words that I presented in this study prove that Fauci is a dangerous man. I would like to call him a traitor, but not having sworn an oath of office he is not a traitor in its true sense. He is a traitor in the sense that he was born in America and has sold out America.
