

## Charles Ellis Schumer

### A Gematria Study

**Gods Encoded Keys** – This refers to the DNA sequence of human beings. If Chuck Schumer is a creature that has been a manipulation of DNA or is a Chimera remains to be seen. See the paragraph about reptilian affiliation below.

**Divine** – Schumer has not claimed divinity. He is Jewish, although it is not clear if he is devout. He does support gay and lesbian causes as well as abortion, all things that God declares to be an abomination.

**Gods in Zodiac** – Any person who has “unseen others” sitting in their chair has one of two things going. Either Schumer is an adherent of the occult or he is schizophrenic. In either case, he probably participates in the practice of reading the stars. Having worked with the mentally ill for a few years I have found it rare that schizophrenics do not practice astrology.

**One Four Four** – I almost just erased this entry, but I’m glad that I didn’t. Typing “One Four Four” into the Google search engine yielded that it is meditation music. I listened to it for about ten seconds and turned it off because there was a subtle chanting occurring in the background. On the page where the music is offered, there was a sentence that I looked up. The sentence read, “*Om Maya Ma Kita Ra Ku Ana Pey Ana Mu.*” Looking up this phrase found it to mean: *The mantra, "Om Maya, Ma Kita, Raku Ana, Pey Ana Mu" is light language asking for the mighty I AM Presence & soul to merge w/physical body.* In other words, it is a plea for an entity that doesn’t have any affiliation with YHVH (The God of The Bible) to enter into them the one

chanting the mantra. As I mentioned above, Chuck Schumer is involved in strange things and he may be psychotic. Psychotic people are drawn to occult things much like moths are drawn to the light that will lead to their deaths. I do not doubt that Chuck Schumer would listen to this sort of New Age chanting, maybe to keep that entity out of his chair in the Senate?

**The First and The Last** – Having observed Chuck Schumer for some time it is clear that he is a Type A personality, perhaps with a borderline personality disorder. Such a person thinks that the world revolves around them and they will use any kind of manipulation to make a person think that they are the ultimate authority on all subjects in life, love, and all other matters of life.

Schumer can humiliate the lowest of men who question his authority and he tries to intimidate people as high in position as the President of The United States. He never admits error and always takes credit for accomplishments, which is why he is the minority leader of the Senate at this time and if the Senate ever flips to the Left, he will be the majority leader.

**Financially Stable** – To his credit, Chuck Schumer is not a rich magnate. His wealth is 47<sup>th</sup> of all the senators and his estimated net worth of \$1,122,521 in 2018. Of course, many people in politics have ways to hide wealth, and that may or may not be the case with Schumer. That being said, it appears that Schumer is financially stable and not wanting anything, except maybe more power.

**Four One Four** – As I was researching this, I was led to look at the four horsemen of Revelation. The fourth horseman riding a pale horse (some say pale green) represents death. The First horseman is a conqueror, riding a white horse. If this number and the horses represent Schumer (and I realize that this is a stretch) it could mean that he will somehow bring death, then he will conquer and then bring death again. Schumer happens to be like his peers, in that he is biting at the bit for a vaccine to be developed for COVID-19. Schumer has also been vehemently

opposed to the use of hydroxychloroquine/azithromycin cocktail to treat the COVID-19 outbreak, although many doctors and scientists attest that it works, and even President Trump takes it as prophylaxis. By denying the use of a drug mixture that works to cure COVID-19 he is in effect, sanctioning the murder of people with the infection. So, the scenario goes like this, the dark horse endorses death so that he can conquer by advocating for a vaccine that will not work and will ultimately lead to the death of many more people. Pale, White, Pale, or Death, Conquer, Death.

**The Eternal Life Prophet** – Nothing determined at this time

**Albert Pike Campground** – There could be a corresponding link here in that Albert Pike was the leader of the Masonic movement and several sources, some of the masonic, say that Chuck Schumer is a Mason. It is also common knowledge that he's just a 1<sup>st</sup> degree Mason, so he probably got into it for the benefit it would give him in elections and within the political and business world. Why the Masonic Order would only allow him to not progress is a mystery because they usually like men like Schumer to advance to the highest order so they can be more controlled.

**Second Trumpet** – At the Second Trumpet of Revelation a great celestial body falls into the ocean and it kills 1/3 of the fish and destroys 1/3 of the ships. Whether this happens during Chuck's lifetime or if he will be instrumental in restoration after this event remains to be seen.

**Hissing Like Serpents** – There are videos online that show Chuck Schumer having what appears to have reptilian-looking eyes. Whether it is true, or some sort of camera angle that causes this remains to be seen. I don't discount that there are fallen angelic forces that have taken on human appearances, such is a scriptural matter. However, one has to ask why some elected officials get

reelected time and time again when they do not appear to do anything good for their constituents? Are people like Schumer, Pelosi, Feinstein, and others who have made elected office their profession some sort of being other than human? I lean toward this theory, but I leave it up to you the reader to research and make your determinations.

**Facebook Discontinues** – The only parallel that I know, and personally at that, is that if you are hypercritical of Chuck Schumer you go to Facebook Jail and if you continue you get kicked off of Facebook. Facebook will discontinue your membership. While I have been placed in Facebook Jail a time or three, I have never been discontinued, but others have.

**Sarah is Truth** – Sarah Sanders, former Press Secretary for President Trump was quite adept at refuting the lies of Senator Schumer who constantly tried to throw Trump under the bus while Sanders worked for Trump. She was very fact-oriented and correctly refuted the lies of Schumer on several occasions.

**US President Obama** – It is no secret that Chuck Schumer had a good working relationship with Traitor Obama. It is sort of uncanny how Schumer uses the same type of language and mannerisms when referring to President Trump. It seems as if Schumer and Obama were schooled by the same people, or that they have the same writers.

**The Brain Eating Retards** – While research does not find any direct connection of Chuck Schumer eating human brains (like it is proven Hillary Clinton does) it does not mean that it is not true. Schumer is an Illuminist, there is no denying that, and it is known that many Illuminati higher-ups do practice cannibalism, as exhibited by Hillary Clinton's bizarre facial expressions, her uneasy gate, and her fainting spells, all symptoms of Kuru, a disease brought about by eating

human gray matter. If we will ever obtain evidence that Schumer is practicing cannibalism only heaven knows.

**Book of Zion** – Chuck Schumer has not authored any books about Zion. There is a correlation that should be considered. There is a pamphlet titled, “The Protocols of the Learned Elders of Zion,” that has been attributed to be a book that exposes the supposed takeover of the world by Jews. In reality, the book has been rewritten to defame Jews but was originally authored in Czarist Russia to defame the elite class of Gentiles that were responsible for the financial ills of Russia before the Bolshevik Revolution. Chuck Schumer’s constant treasonous acts in the name of progressivism while he serves as a senator does tend to bolster the falsity that is presented in the pamphlet’s present form.

**Yod The Father** – Yod The Father was a cult leader, sort of a Yogi that gained a small gathering back in the 1970s. His ministry died out upon his death in a hang-gliding accident. It does not appear that Chuck Schumer had any interaction or affiliation with Yod The Father.

**No More Men Dictators** – This could apply to Chuck Schumer, who considers the President (Trump) to be a sort of dictator. Whether the wordage is referring to male dictators or just dictators in general, Schumer does have a problem with Trump even though Obama was ten times worse and Schumer all but bowed down and worshipped him.

**Amando Fernandez** – In 2000, Schumer along with other senators held a committee meeting and fact-finding meeting on “Cuba’s Oppressive Government and the Struggle for Justice. One of the people interviewed was named Ms. Fernandez--Amando Vayaderas. I know that it’s a stretch, but the two names do come together in more ways than just Gematria numbers. I do find it sort of ironic that all of the evidence presented showed that Cuba’s socialist government was

found wanting and devoid of justice, yet today's Chuck Schumer seems to be a proponent of socialism like that of Cuba.

**Annihilating US Corp** – The only reference or speculation that I can make about this phrase is that Chuck Schumer, in true Democrat fashion, is anti-military and I'd suspect that he would want to eliminate the branch of the military that would be used in an attempt to quell a soft coup, that would be the Marine Corps. If we are talking about industrial corporations then we could consider that Schumer was pro NAFTA and pro every treaty that would involve moving jobs out of the United States. He was very unhappy and vocal about Trump's destruction of such treaties.

**Typhons Egg** – Typhon's Egg is an offtake of a Babylonian legend of a large Egg that landed in the Euphrates River. Out of the Egg came Astarte (Where the name Easter comes from) who went on to be known as the goddess of fertility, sexuality, and war. She was a benevolent god in those areas if she was worshipped correctly. Interestingly, Schumer's middle name is Ellis, which is of Welsh origin and it means benevolent. Benevolence is defined as the act of bringing good. Schumer is defined by Ancestry.com as meaning good-for-nothing and/or vagabond, but other sources render it as a German variant of shoe cobbler. The name Charles is defined as meaning "free man." With that in mind, we can determine that the names in their original languages translate out as "free man that is a benevolent good for nothing or vagabond. If we want to be kind, it can mean a benevolent freeman that makes shoes. The interesting thing is that Typhon's Egg gives birth to Astarte who is a benevolent goddess, and Ellis also means benevolent. Many say that that the democratic party is the party of "the people," and that they are benevolent, but at what cost. Truth is that liberals are worthless and good for nothing. Want proof? Name one piece of good legislation that they passed this session that involved benevolence that didn't involve getting them reelected.

**Sator Square** – The Sator Square was a Roman square with five rows of five letters that produced a palindrome. Perhaps that the number equivalents between this and Schumer’s reign in the Senate are that the date 02/02/2020 are the first palindrome in the 21<sup>st</sup> century and the first in over 900 years.

**He Is the Exorcise** – Having witnessed Senator Schumer on video shooing away an unseen entity from his chair in the Senate could mean that he exorcised the chair. It could also mean that he attended an exorcise session where the demon came out of someone and entered into Schumer. The second seems more plausible.

**Born Again in Truth** – As I mentioned above, Chuck Schumer is a first-degree mason. It is possible that the sources that I accessed were older and he has progressed a little or a great deal in the masonic doctrine. Masons perform rituals and when they advance, they are told that they are getting closer to the true meaning of masonry, which they later find out is that Masons worship Lucifer. When old knowledge is discarded and new knowledge replaces that knowledge, it could be seen as a born-again experience. The New Age equated being Born Again to an Awakening and a change in the vibratory level of the initiate. In the New Age, the born-again experience is instantaneous whereas in Masonry it is an evolutionary process.

Now hold onto your hats because the phrase, “Born Again in Truth” could be a revelation that someday Charles Ellis Schuller could come to faith in Yeshua Ha Mashiach. However, for the time being, the evidence is that it is either a New Age or Masonic born-again experience.

**Numbers are Lights** – This could be some sort of code that refers to George H.W. Bush’s speech about 1000 points of lights spread throughout the nation that would-be volunteers in making America a strong nation. The problem with that is George H.W. Bush was one of the

evilest presidents that America ever had in the office of President, so his overt meaning probably had a covert meaning too. Since Chuck Schumer is intent on destroying the United States with socialism he may be one of those points of light (Luciferic in nature) that is being used as “the same but opposite” order of fashion. Also, seeing that the numbers of his name, along with the words that have equal numeric value are so revealing about his character, it could allude to the Gematria revealing that the names of equal numeric value shed light on who Charles Ellis Schumer is.

**Thou Shalt Not** – I immediately thought of the Ten Commandments when I saw this phrase. I’ll confess that I don’t know Chuck Schumer well enough to say that he uses YHVH’s name in vain, or that he’s committed adultery, or that he’s made idols and worshipped them. I do know from his Senate record that he has stolen. Just look at what he and his cohorts have done to Social Security and it is a no-brainer to come to that conclusion. I also know that for the past three-plus years he has borne false witness against President Trump and some of his Senate peers. I have to remember that he is a worldly man living in a fallen world, so where the other Commandments are concerned, he’s probably broken most if not all of them. Heck, they’re hard enough for someone saved through the Blood of Yeshua to remember and keep.

**Protein Molecules** – With this numeric equivalent comes the idea of COVID-19. If it is a virus, it is encased and made up of protein molecules. Chuck Schumer, with many other political leftists in Washington and worldwide for that matter, have been very proactive in clamping down on American Freedoms because of this supposed virus. Their ultimate aim is for the “new normal” to be restrictions on travel and gatherings and for the forced administration of a vaccine, mostly the one that Bill Gates is promoting. OF all of the numeric equivalents in this document, this makes the most sense or is in the top ten anyway.

**Obama King of The South** – It is no secret that Chuck Schumer had (has) an almost orgasmic infatuation with Barack Hussein Obama. It must be remembered that Obama was born in Kenya which would make him a natural for being The King of The South.

**I'll Flee from A Babylon** – This phrase gives me hope for Chuck Schumer. As you probably know, Chuck is Jewish in birth and religion. Jeremiah, Chapter 51 talks about YHVH giving out an edict to flee from Babylon so that the Jewish people won't suffer the judgments that YHVH will heap on the Beast System. It could very well be that Chuck is alive just before or at the return of Yeshua and that either then, or before that time he will come to faith in Yeshua.

Now there could be another meaning that equally important. It is no secret that the Deep State is a Babylonian system. Could it be that Chuck Schumer has an epiphany about the system, or that he repents of being part of it and flees from it? Either way, this numerical equivalent does offer hope for old Chuck.

**Choppy Seas** – It is no mystery that the political system in America is a very choppy sea right now. Truth be told, Chuck has been responsible for stirring up those seas with his rhetoric. However, this numeric equivalent, along with the one above might couple to show us that Chuck realized the tempest that he has created and lies within. He is in a position to make calm the seas or make them more perilous.

**Egypt is Free** – This could be a reference to Schumer who despised the former president of Egypt, who was a terrorist sympathizer and is a proponent of the current president of Egypt who is seen by many as a new lease on life for the Egyptian people, Coptic Christians and Jews in Egypt.

**Bessie Mae Khufu Ra El** – While this looked promising, after a lot of research I could not find any correlation between these names and Chuck Schumer, so it is bupkis.

**Duncan Angus Campbell** – The only correlation that can be found is that there were people that served with Schumer in the 113<sup>th</sup> Congress all having surnames of Duncan, Angus, and Campbell. Neither were Democrats and all three were Protestants while Schumer is Jewish. If a tie can be made it will be very hard to find one.

**CIA Kills Romney** – There were several attempts on Mitt Romney’s life when he was running for president against Obama, but nothing is mentioned about Schumer knowing the attempts of that the CIA was involved.

**Trans Spotting** – I had to think of how to delicately present this subject because it is conjecture, but seeing the way that politics are, with Michelle Obama most probably being Michael Robinson and Bill Gates’ “wife” Melinda possibly being a man the odds this being true grow leaps and bounds. Trans Spotting is something that happens when females transition into men. They still retain their body parts, but the use of hormones creates a condition where blood spotting continues until the testosterone levels finally level out in the woman posing as a man. Pictures of Iris Weinshall (Schumer’s Wife) tend to lend credence to his wife being a man. I know, they have children, right? Well, so did the Obama’s but they rented their kids from another couple for many years. Here is the picture of “Iris.”

**Sumerian Records** – Sumerian records talk about a lot of things. One of those things is the experiments that the Annunaki performed on mankind. Firstly, I do not promote or endorse the history as presented by the Sumerian records of the Annunaki. They are perverted attempts to discredit the plans of YHVH which cause people seeking truth to go off on strange tangents. Just read Stitchin’s works. However, there are extra-biblical books that are scriptural inspired that do show that fallen angels did mingle with earthly women that resulted in a race of half-breeds whose spirits today are what we call demons. There are reports that this work continues today and that some of the Elites that control the world are either hybrid humans or are fallen angels in human form that hold high military and political positions. If Chuck Schumer is a hybrid it

would be evidenced by his actions and miracles that occur around him. Shooing away unseen entities from his chair is one piece of evidence. He can see unseen others, which makes him either highly spiritual because he is a chimera, or he is psychotic. Another evidence is that he has made politics a career and has held the same senate seat for decades while doing relatively nothing for his constituents. A fallen angel would be able to hoodwink people in such a way as to have it appear that he is effective for their causes while not being effective at all.

**And Social Media Useless** – This was Chuck Schumer’s first response to Donald Trump when Trump was running for office, and even after he attained the presidency. Schumer constantly told Trump that he was abusing social media by tweeting so much. But the funny thing is that now it appears that people like Schumer and Pelosi tweet and post on social media formats twice as much as Trump. It seems that what was once useless is now very useful.

**Barry London** – This numerical equivalent caused me to question the health of Chuck Schumer. Performing a google search of Barry London only yields a famous cardiologist, one of the best in the nation. Could it be that Chuck Schumer has a heart condition that he’s being secretly treated for? Why would his name be equal to that of a world-renowned cardiologist? Using a variety of words while searching brought up absolutely nothing about any sort of health condition of Chuck Schumer, nothing whatsoever. A couple of years ago, Democrats, including Schumer were adamant that Trump release his medical records. They feigned that they were concerned that he was not a healthy man, citing that he ate too many McDonalds cheeseburgers. This concern, by a group of individuals that would dance in the streets if Trump died in office, was atypical of the persons asking the questions. I think that it is important that all politicians have transparency about their health, seeing that we elect them to the office for a term or more to be our public servants [sic].

**Lord Lucifer Estes** – Biblically speaking, Lucifer is a Cherub that was created as one that brought praise to Almighty God. He rebelled and took 1/3 of the angels with him. The term “Lord” is only used by those who worship the fallen cherub. He is hardly a lord. A rebel yes, a usurper yes, but a lord, hardly. The word of interest here is the word Estes. It is an old English word that means, “of the East.” We know that Cain was banished to a land “East of Eden,” which some surmise could be a barren wilderness. We are told that Cain built cities and had many descendants. One author, Jim Wilhelmsen asserts that “East of Eden,” refers to the inner earth, which is entirely possible by my estimation. If Cain was banished East of Eden, it is not outside the realm of possibility that Lucifer was located there too.

**No Longer Listen to God** – Did Schumer ever listen to God? Only God knows. The answer to this one is involved. Aside from Messianic Jews, very few listen to God. Orthodox Jews listen to their Rabbis who get their messages mostly from the Talmud, a series of books written by commentators of the Talmud and maybe sometimes the Tanakh (The Jewish Bible, as in Old Testament). Conservative Jews follow Tradition, which is celebrating Feast days and mourning on sorrowful days and some too read the Talmud, but very few dusts off their Torah Scrolls. Reformed Jews are mostly Jews in name only, sometimes attending services but mostly consist of a hollow faith at best. Reconstructionist Jews are Jews that say that they are Jews but can mold themselves into whatever role they are presented to play. From what I have observed, Chuck Schumer probably practices a watered-down form of Conservative Jew. Conservatives listen to their rabbis and the sages, but rarely unroll the Torah scroll, except for occasions like Bar Mitzvah’s, Pesah (Passover), Yom Kippur, etc. If my estimation is correct, he no more listens to God than he takes seriously the needs and wants of his constituents to the point of fixing their issues and addressing their desires with any seriousness.

## **SUMMARY:**

Chuck Schumer is without a doubt an oddball. He is an example of what happens when a person is left to their own devices to get through life. In reality, he is no different than the millions of people in our nation that have a “form of godliness but deny the power thereof.” The result of this sort of lifestyle evolves a person into thinking that they have power and authority over everyone. Public Servants, especially elected officials often forget that they are servants which naturally leads a person to think that they are leaders rather than servants.

Chuck has a big problem. He is either possessed or severely oppressed by demonic entities as is demonstrated by his talking to empty chairs and such. He is probably familiar with his familiar spirit. If Chuck doesn't change he will be ascribed to the list of all of the other perditionous people that have inhabited the earth throughout history. His perception of being a mighty man with power will be shattered someday when his ego is shattered on the rocks of history. Hopefully, this happens in this life, and not afterward. I would love to see Chuck Schumer come to true faith in Yahweh. Only time will tell.
