

FEMA CAMPS AND THE COMING PANDEMICS

I've been around long enough to see our society change and to see how our government, along with many other governments of the world have become tyrannical. We know what the New World Order has in store for the residents of the world, and we know what Yahweh is allowing to happen. Yeshua warned us, far in advance about the start of troubles and signs leading to his return:

And Jesus went out, and departed from the temple: and his disciples came to him for to shew him the buildings of the temple. And Jesus said unto them, See ye not all these things? verily I say unto you, There shall not be left here one stone upon another, that shall not be thrown down. And as he sat upon the mount of Olives, the disciples came unto him privately, saying, Tell us, when shall these things be? and what shall be the sign of thy coming, and of the end of the world? And Jesus answered and said unto them, Take heed that no man deceive you. For many shall come in my name, saying, I am Christ; and shall deceive many. And ye shall hear of wars and rumours of wars: see that ye be not troubled: for all these things must come to pass, but the end is not yet. For nation shall rise against nation, and kingdom against kingdom: and there shall be famines, and pestilences, and earthquakes, in divers places. All these are the beginning of sorrows. Then shall they deliver you up to be afflicted, and shall kill you: and ye shall be hated of all nations for my name's sake. And then shall many be offended, and shall betray one another, and shall hate one another. And many false prophets shall rise, and shall deceive many. And because iniquity shall abound, the love of many shall wax cold. But he that shall endure unto the end, the same shall be saved. Matthew 24:1-13

In the past few years we have seen quite a few people who have led people away with false doctrine. There are many who still teach false doctrine, men like Hinn, Copeland, Bentley, Olsteen and many others. Oh, and how “Christians” get almost orgasmic when you mention the names of these men. They are seen almost as messiah's and their false teaching is promoted by many who really haven't read their Bibles (in full) and who have itching ears and a great lack of discernment.

The whole world is involved in war, and notice, Yeshua says wars and rumors of wars, making it plural. A World War is one war, Vietnam was one war, Korea was one war, however we hear about wars in Africa, the Middle East, Southwest Asia. Islam is waging war with just about everyone around the world. Yeshua talks about “rumors” of wars. The Greek word for rumors is *akoē* and it could also be rendered “reports,” and “hearsay,” as well as rumors. That Greek word is a feminine noun, so we should look at English words that are synonym nouns for

rumor and the definition of the “noun” rumor or hearsay. Rumor does have a verbal sense, but since the Greek is a noun, we need to keep with the gender of the word.

Rumor: a currently circulating story or report of uncertain or doubtful truth.

A good “doubtful” truth can be illustrated by what has happened in the Middle East just this year. We know that Hamas launched thousands of missiles into Israel. We know that Israel retaliated, but with extraordinary measures; phoning before they attacked, dropping leaflets and such. The world’s media turned it around to make it look like Israel was the aggressor and the world condemned Israel. A doubtful truth is another name for a lie, or a purported lie.

The Greek word for “and,” *kai* can also mean “also, even, indeed and but,” so the text could be rendered:

And ye shall hear of wars and untruthful and uncertain truths of war...

This seems to suggest that even within the “wars,” there will be untruths told about the internal workings of the war. We hear about this all of the time in news reports and what we hear on week, month or year often changes as things are revealed. When the story of those who are charged in protecting the citizens changes, it causes worry in the populace. Yeshua tells us not to be troubled. Notice that Yeshua says “you will hear...” He doesn’t say that his people will see or experience these things, although many of Yahweh’s people do, but Yeshua seems to be talking to his audience, telling them that they will “hear” these things. This again lends to the fact that there will be an enormous propaganda campaign conducted during the end times, and that is happening right now.

Nation has risen against nation in many places currently. The word for “nation” *ethnos*, actually denotes ethnicity and race, meaning also peoples that are united by certain creeds or beliefs, such as religions. It is the word for “Kingdom,” *basileia*, means a people led into battle by a king or leader; much like the one nation warring with another nation, both governed by a king or president.

Then we are told that “famines, pestilences and earthquakes.” First, we cannot deny that the frequency of earthquakes has increased many folds, and we cannot deny that we have heard of earthquakes in places where they commonly aren’t felt, for instance, Kansas and Oklahoma. Famines have always occurred in places around the world, but not it appears that it could become

a worldly event. The drought in the American West is being under-reported and from time to time we hear that the current drought is extending into the American Midwest. If American crops fail it will lead to a worldwide famine.

I think the thing that scares people the most is a pestilence. The Greek word for “pestilence” is *loimos*, and it can mean a *pestilent fellow, pest or plague*. A pest is defined as: *a destructive insect or other animal that attacks crops, food, livestock, etc.* And, plague is defined as: *an epidemic disease causing a high rate of mortality*. Interestingly, both pestilence and plague are interchangeable in definition in the English language.

If you read the “alternative” news sources, you’ll notice that reports from some American cities state that the rat population is growing in alarming numbers. Over the past five years or so we’ve heard about bedbug epidemics in certain areas. Notice that pest defines animals that attack livestock. In recent years wolves have been reintroduced into the American west and have become aggressive, causing ranchers to fear for their flocks, yet the wolves are protected by law and cannot be hunted. Coyotes have been seen in populated areas. A Facebook friend in Portland, Oregon recently chased one out of his parking lot, within Portland City Limits! Cougars are becoming more of a concern and have attacked livestock, pets and even people on bike trails.

The most insidious pestilence is the one that cannot be seen. We know them as bacteria, virus’ and fungus’ that cause illness in human beings. In recent years we have seen an increase in bizarre diseases never seen before. HIV and AIDS came onto the scene around the same time as Ebola. Some diseases seem to target certain age groups or certain ethnic groups. This sort of thing is highly suspicious, especially when one comes to realize that a lot of these diseases are patented by federal governments worldwide. I know that I addressed this in another article last week, but it appears that a reality exists that governments can use epidemics and pandemics to control the population of any place on earth that they like. When one realizes that the NWO has plans to decrease the population of Earth by 90 percent or more it causes concern that things like Ebola are being let loose to take out as many people as it can, that is, except for the elites who will have a vaccine.

With this in mind, we have to remember that in recent years, elements within our own government have put certain groups on a hit list of people that they see as a problem; some of them include veterans, and people with fundamental belief in their faith, specifically Christians who take their faith and Bible seriously. We are the people who live in this world, but are not of

this world. Over the past few years we have heard “rumors” of the government purchasing guillotines, that there are plans to implant chips in all people and that there are FEMA internment camps to house (and probably dispose of) those who refuse to comply with governmental wishes. We have seen some proof; stacks of plastic coffins, informants, and videos of the FEMA camps, which is what I will present below. I feel that it is vital that as believers, we realize whose hands we are really in. Though the government, the NWO and the shadow governments are allowed to believe that they wield ultimate power, like Yeshua said in his discourse above, all of these things have to happen for all to be fulfilled. Unlike the heathen and those who claim to be Christians but have a shallow faith if any faith at all, we can look at death, if that becomes necessary, as being a release to be with Yeshua. Although many of us will probably go through horrible times and many of us will die, we know that there is a higher purpose, an ultimate destiny that transcends everything that this world has to offer. So, rest in Yeshua and know that we don’t die until the time that He has planned for us to die, and that we only die once and don’t have to fear the second death.

Now I present the video showing some things that the governments deny. If a picture is worth a thousand words, then this video is worth a library. Here is Jesse Ventura’s video on FEMA camps and such.
