

NEW AGE BIBLE VERSIONS

The following table was taken from a flier for a book titled, “New Age Bible Versions.” The book is an exhaustive Documentation exposing the message, men and manuscripts moving mankind to the Antichrist’s One World Religion. The book makes a new case against the NIV, NASB, NKJB, NRSV, NAS, REb, RSV, CEV, TEV, GNB, Living, Phillips, New Jerusalem and New Century Bibles. It also includes the latest research supporting The Authorized King James Version.

The book is a result of an exhaustive six-year collation of new bible versions, their underlying Greek manuscripts, editions and editors. It objectively and methodically documents the hidden alliance between new version and the New Age Movement’s One World Religion. More about the book after the chart.

About the Book

The Message:

The emerging “new” Christianity – with its substitution of riches for righteousness, a crown for a cross and an imitation for a new creation – is shown to be a direct result of the wording in new versions.

Documented are thousands of words, verses, and doctrines by which new versions will prepare the apostate churches of these last days to accept the religion of the Antichrist – even his mark, image and Lucifer worship. **“THEY WORSHIPPED THE DRAGON”** Revelation 14:4

The Men:

Each page opens a door exposing new version editors – in agreement with Luciferians, occultists, and New Age philosophy – in mental institutions, séance parlors, prison cells, court rooms for heresy trials – and most shocking of all – denying that salvation is through faith in Jesus Christ. Five have lost their ability to speak. **“BEWARE OF THE SCRIBES”** Luke 20:46.

The Manuscripts:

The Greek manuscripts, critical editions, lexicons and dictionaries behind the new versions are examined, revealing their occult origins, contents, and yet unreleased material – a blueprint for the Antichrist’s One World Religion and government.

Presented also is the latest research proving the Authorized King James Version represents not only Christianity’s earliest and most widely used Greek text, but is the easiest version to read according to computer analysis-based formulas from the Flesch-Kincaid research firm.

Comments:

- “It may be the most important book ever written.” – Texe Marrs
- “You have done a great service to the church...Publisher never receive books this well done.” – Dave Hunt
- “You have created a masterpiece.” – Jack T. Chick
- “I believe God sent it as a means of waking up Christians fro the end times battle with the forces of darkness.” – Wiley Cameron
- “This monumental work...a masterpiece of scholarly revelation, has presented the world with a well-documented account of the deadly results of faulty scholarship. The book towers over every other work that I have read, as Mt. Everest towers over every mountain. In astonishingly plain words and charts the author deals tremendous blows with unassailable evidence that it is the powers of darkness that have deceived many sincere scholars who have been led astray by persons “who have laid in wait to deceive.” (Eph. 4:14) The evidence is so well documented that the reader will know that the new bible versions are indeed leading multitudes of churches, missions, Bible schools and minister directly into the New Age.” – Cecil J. Carter

Delusion Resistance Review:

In short, this is a wonderful book. I first bought it in a small book store here in Carmichael, California. I bought it because I've been of the opinion that the King James Version

is the only authorized version, and I wanted to enforce why I held that belief. In essence, on a confidence scale of my knowledge of the KJV before this book I would say I was a six out of ten. Now I am more like a ten out of ten.

I've always been one that likes books with charts and tables. To me, it makes a subject easy to understand if a chart is presented because I can compare without being distracted by the words of an author. This book was a delight to read. If there was any question as to what was being conveyed, a chart would soon follow to help me to understand the text.

Another thing that I liked is that the book doesn't leave you wondering about anything. A lot of books fail to examine every detail; but this book tends to address my questions just as the questions were forming in my thought. **I highly recommend this book and feel that it should be required reading and study at every seminary on Earth.** I see this author as being a classic example of the Watchman in Ezekiel 33; who blows his trumpet when he sees the sword coming, warning the people of the city of impending invasion. Thanks to God for setting G.A. Riplinger on the wall, and thanks to this author for being faithful to blow the trumpet to warn the Church of the actions of nefarious people and entities that seek to destroy God's People.

You can get this book from your local book store. If for some reason they can't or won't order the book for you, you can order it at www.chick.com .
