

ODE TO BILL GATES

We've been seeing a lot of Bill Gates. He seems to have an opinion in favor of everything wrong. It's no doubt that he hates Yahweh. So, in tribute to Bill Gates, I took the tune to the song Billy Boy, which is public domain, and wrote it with Gates in mind. I mean, if he wants to kill off most of the population, shouldn't he have a song written about how those things might be brought about? Here is the song:

ODE TO BILL GATES

Sing to Billy Boy

.

Can you make a genocide Billy Boy, Billy Boy?

Can you make a genocide psycho Billy?

I can make a genocide

Inject a vaccine in your hide.

I love Gaia because she is my mother.

.

Can you make a genocide Billy Boy, Billy Boy?

Can you make a genocide psycho Billy?

I can make a genocide,

Chop the babies up inside,

Then I'll suction them from their teenage mother.

.

Can you make a genocide Billy Boy, Billy Boy?

Can you make a genocide, psycho Billy?

I can make a genocide,

Bring new virus' alive,

And infect you before I make another.

.

Can you make a genocide Billy Boy, Billy Boy?

Can you make a genocide psycho Billy?

I can make a genocide,

Chemtrail death rains from the skies,

And the rains plague your sister and your brother.

.

Can you make a genocide Billy Boy, Billy Boy?

Can you make a genocide, psycho Billy?

I can make a genocide,

I can cook you from inside,

Microwave you as well as many others.

.

Can you make a genocide Billy Boy, Billy Boy?

Can you make a genocide psycho Billy?

I can make a genocide,

Use the Guidestone's as my guide

And I'll make you turn on one another.

.

Can you make a genocide, Billy Boy, Billy Boy?

Can you make a genocide psycho Billy?

I can make a genocide

In your computer I abide,

And I know you better than your mother.

.

Can you make a genocide Billy Boy, Billy Boy?

Can you make a genocide psycho Billy?

I can make a genocide,

The Illuminati at my side,

We love Lucifer, he says he is our brother.

.

Did you make a genocide, Billy Boy, Billy Boy?

Did you make a genocide, psycho Billy?

Yes I made a genocide,

And in Hell I will abide,

But I don't care cause there'll be many others.

.

Was it really worth your soul Billy Boy, Billy Boy?

Was it really worth your soul psycho Billy?

No, I am realizing it now,

At Yeshua's name I bow,

Yahweh is Lord but I believed another.
