

# WHAT DOES THE GEMATRIA HAVE TO SAY ABOUT STEVEN MACON GREER

By David Ben Ya'akov

Dr. Steven Macon Greer is an interesting character. In the last Gematria study, we looked at Richard Dolan who is the new Prince of Disclosure, but it is people like Greer that established the foundation that has made careers like that of Dolan possible.

## SHORT BIO BEFORE WE START:

*Steven Macon Greer (June 28, 1955) is an American ufologist and retired traumatologist who founded the Center for the Study of Extraterrestrial Intelligence (CSETI) and The Disclosure Project, which seeks the disclosure of allegedly classified secret UFO information.*

*Greer was born in Charlotte, North Carolina, in 1955. He claims to have seen an unidentified flying object at close range when he was about eight years old, which inspired his interest in ufology.*

*Greer was trained as a Transcendental Meditation teacher and served as director of a meditation organization. He received a B.S. degree in biology from Appalachian State University in 1982 and an M.D. degree from the James H. Quillen College of Medicine of East Tennessee State University in 1987. He attended MAHEC University of North Carolina where he completed his internship in 1988 and received his Virginia medical license in 1989. That year, he became a member of the Alpha Omega Alpha Honor Medical Society.*

*Greer founded the Center for the Study of Extra-Terrestrial Intelligence (CSETI) in 1990 to create a diplomatic and research-based initiative to contact extraterrestrial civilizations. The official statements regarding its intentions also included a new category of extraterrestrial encounters, namely CE-5 or 'close encounters of the fifth kind'. This was defined by Greer as human-initiated contact and/or communication with extraterrestrial life. Since its inception, the organization has spent anywhere between \$3.5 million and \$5 million to achieve its goals.*

*The organization claims to have over 3,000 confirmed reports of UFO sightings by pilots, and over 4,000 proofs of what they describe as landing traces. This refers to incidents where UFOs have supposedly left behind trace evidence, such as electromagnetic readings, after landing on Earth. The organization utilizes 'Rapid Mobilization Investigative Teams' with the aim of arriving at landing sites as quickly as possible. CSETI has defined a protocol for human-initiated contact with UFOs using consciousness.*

*In 1993, he founded the Disclosure Project, a research project whose goal is to disclose to the public the government's alleged knowledge of UFOs, extraterrestrial intelligence, and advanced energy and propulsion systems. The Disclosure Project was founded in an effort to grant amnesty to government whistle-blowers willing to violate their security oaths by sharing insider knowledge about UFOs. Greer says he gave a briefing to CIA director James Woolsey at a dinner party, although Woolsey has stated that he listened politely.*

*In October 1994, Greer appeared in Larry King's TV special The UFO Coverup?[20] In 1995, Greer worked as a physician at the Department of Emergency Medicine at Caldwell Memorial Hospital, where he was chairman.*

*In 1997, Greer, along with other members of CSETI, including Apollo astronaut Edgar Mitchell, made a presentation at a background briefing for members of Congress. In 1998, Greer gave up his career as an emergency room physician in favor of the Disclosure Project.*

*In May 2001, Greer held a press conference at the National Press Club in Washington, D.C. that featured 20 retired Air Force, Federal Aviation Administration, and intelligence officers.*

*Greer authored Unacknowledged: An Exposé of the World's Greatest Secret in 2017. The book is also the subject of a 2017 documentary film, titled Unacknowledged, directed by Michael Mazzola.*

I presented this short biography of Dr. Greer for a few reasons. First, I like people that have a conviction and stick to it. Second, Dr. Greer is a contemporary of mine, roughly three and a half years older than me. Also, just as men like Jim Wilhelmsen, myself, Lynn Marzulli, and other believers in Yeshua have set a foundation of researching UFOs, aliens, and the paranormal using Biblical standards, and have had our work sometimes accidentally “borrowed,” so have men like Dr. Greer, who will always be known and acknowledged by me as the father of Exopolitics. Third, he is a doctor and is analytical, he thinks things through using processes and although I do not agree with his mission or his conclusion, I can honor his methods. Lastly, although his mission is contrary to the cause of Mashiach, he will be used to play an important

role in the return of Mashiach Yeshua. He is setting up the world for a deception that Scripture says will inundate the world and mankind until Yeshua's return and in ways will necessitate Yeshua's return. So, in a way, he is causing us harm, but ultimately he is playing his role to bring about our blessed hope, Yeshua's return. Medically, he's like the measles that I had when I was a young boy, it made me sick but it gave me immunity to the measles. Greer's reality will bring about hell on earth, but the end will justify the means. The enemy will use him for evil purposes, but Yahveh will be the victor when it is all over.

Note: His biography says that he was a teacher of Transcendental Meditation. This will play much into our study. Transcendental Meditation is defined as:

*Transcendental Meditation (TM) refers to a specific form of silent meditation and the organizations that constitute the Transcendental Meditation movement. Maharishi Mahesh Yogi created and introduced the TM technique and TM movement in India in the mid-1950s. Advocates of TM claim that the technique promotes a state of relaxed awareness, stress relief, creativity, and efficiency, as well as physiological benefits such as reducing the risk of heart disease and high blood pressure. The technique is also purported to allow practitioners to experience higher states of consciousness.*

### **GEMATRIA WORDS THAT ARE EQUIVALENT TO TO STEVEN MACON GREER:**

**Fifty Five** – This is quite clear to recognize, seeing that Greer was born in 1955.

**Forbidden Knowledge** – Again we have a direct hit. Steven Greer published a book in 2006 titled, "Hidden Truth – Forbidden Knowledge," where he asserts his disclosure after talking to over 450 military and other officials about the UFO phenomenon. One could take this gematria

value to mean that Greer has gleaned some military secrets from these military and other experts and knows about a revelation that is coming to us in the future, possibly the near future.

It is also interesting that the fruit on the Tree of The Knowledge Of Good and Evil was called forbidden fruit. By the very name of the tree it is suggested that by eating the forbidden fruit, Adam and Chava gained a knowledge that they were not meant to have. Furthermore, in the book of 1 Enoch, Yahweh is chastising the fallen angels by telling them that the secrets that they brought down to earth and revealed to mankind were junk knowledge. Yes, it was forbidden, but probably because the knowledge that they gave to the Daughters of Men led mankind further into rebellion.

Steven Greer practices altered states of consciousness when he practices Transcendental Meditation. I sat outside of one of these meetings at my workplace when I had to bring patients to a Buddhist class. The woman leading the class told the class that they had to shut off their “Monkey Minds,” and tune into the consciousness of the universe. What people like him fail to realize, or if they are agents of evil, they do realize, that shutting down your brain relinquished your sovereignty to your self and it allows a doorway for other things, nasty and wicked things to enter the mind and often the heart.

I cannot say for sure, but when Steven Greer practices TM and shuts his mind down he allows the beings that he is an advocate for to enter in and fill his head with all sorts of junk. It would be like connecting your computer to the dark web with nothing to prevent others from accessing your computer, stealing your information, and taking the machine over.

**Donald Trump Is The Antichrist** – I think that Trump knows about the plan of the enemy to take over the earth and that it will be a cosmic deception. Also, I believe that this is why he

established the Space Force, possibly in an attempt to stop a cosmic invasion. I think that it would have been in vain because these entities can open portals in various parts of the world without having to enter the atmosphere.

Now, does Greer believe that Trump is the antichrist? Well, that is all dependent on who you consider “The Christ” to be. If you consider Christ to be Yeshua, the Messiah of the Bible then yes, Trump is a contender. However, if you believe that the “Christ” is the “Christ Consciousness,” that the New Age awaits then it’s possible, that some would consider Trump to be the antichrist. The formation of the Space Force would have allowed the New Age to bestow upon him that moniker. Either way, Trump is suspect.

**Charles Darwin** – Charles Darwin is the founder of Darwinian Evolution. A major concentration of this belief system dictates that animals evolved by mutations over billions of years from a simple single-celled organism into the plants and animals that we have today. Those who practice TM are adherents of Buddhism whose core belief is that through endless generations of rebirth (reincarnation) a person can evolve (spiritually) to achieve Nirvana or the Brahman. The full name of Darwin’s book is often hidden because it is purely racist, “The Origin of Species by means of Natural Selection or the Preservation of Favoured Races in the Struggle for Life”. Those that practice TM and the New Age could rightfully call their book, “The Origin of A New Species by Means of Spiritual Selection or The Preservation of Favored Religions in The Attainment of Nirvana.” Steven Greer I would assume figures that this evolution could be realized if Aliens could help us to evolve into Homo Deus.

**Newspaper** – Steven Greer has appeared in articles in many newspapers. Also, he was a feature on a Larry King special on UFO exposure.

**The Sound of The Trumpet** – The Bible speaks repeatedly about the Sound of The Trumpet. In the Tanakh, it was a call to a solemn assembly or a call to arms. In the Brit Hadasha (New Testament), Paul talks about Yeshua coming to receive His own at the “Last Trump.” The Book of Revelation talks about 7 Trumpet blasts that produce angels that pronounce judgments against mankind.

Revelation talks about a time when there is a lull between the 6<sup>th</sup> and 7<sup>th</sup> Trumpets. During this lull, an angel proclaims that “Time Will Be No Longer.” The Greek words translate out to mean, “Something that once was has changed and become something else.” This can only mean that for a short while linear time will be eliminated, or melded with interdimensional time. I believe that UFOs and fallen angels disguised as Aliens will have been here for about 3.5 years at this point, as will the Nephilim. At this time I also believe that Yahweh will begin to judge mankind and the powers of darkness. The Church will be ushered up at that last Trumpet and will escape these judgments because Scripture is clear that Yahweh’s people are not appointed to His wrath.

We should take note that Greer is in favor of making legislation that would protect the “aliens” when they come. Maybe that’s why all recent laws involving “illegal aliens” and immigration in general use the term “individuals,” instead of “people,” because people always denote humans and humans alone. Individuals can be any animal, plant, or even a single bacterium. Greer’s legislation will make it so that when fallen angels do arrive, they will have equal and unfettered rights alongside human beings and any kind of hybrid or hubred.

**Radioactive Human** – Steven Greer is not convinced that alien abductions occur because of aliens, but asserts that the phenomenon is most of human origin in an attempt to give the “aliens” a bad name. In one of his disclosure articles, he factors in the inhumane act of abduction (a

human endeavor) with other experiments, including testing radioactive substances on an unsuspecting public:

*The use of reverse-engineered ET communications technology for disinformation purposes via abductions and the like also allows for the testing of such systems to evaluate their efficacy and reliability. For those who believe that the testing of such 'non-lethal' weapons on the civilian population by covert operations is unthinkable, remember the covert testing of radioactive substances on innocent civilians during the Cold War. In 1993, the Department Of Energy (formerly Atomic Energy Commission) and its leader, Hazel O'Leary Hazel O'Leary, released documents disclosing the fact that innocent civilians had been deliberately contaminated with plutonium and other toxic radioactive substances to simply see what the effect would be. It was reported that plutonium was actually put on the oatmeal of children in an orphanage to see what effect it would have! The same sociopathic excesses of those secret plutonium testing projects are being replayed in spades in the civilian sector with simulated ET abductions of innocent humans, so-called cattle mutilations (also largely of covert human origin) and related covert projects. We may not want to believe this, because it seems just too horrible. But the longer we live in denial, the more we will be led down the primrose path of deception and the manipulation of our minds and emotions. I can't advocate for mankind because Greer in a sense is right. Humans have done unspeakable things to other humans throughout history. However, to throw out aliens as the perpetrators of alien abduction is unconscionable. He has turned the whole affair into he said / she said sort of spectacle, where two groups are guilty of throwing sand in a sandbox and both

sides claim innocence. Greer might think that he knows the intent of the aliens, but a review of history with its many stories of fallen angelic antics is a serious error of judgment. Yes, while making people radioactive and killing them is murder to the nth degree, you can't cast every ill of society on people alone, especially when Paul tells us in Ephesians that we do battle with the spiritual entities and he (Paul) lays the blame of the ills of mankind as men being the puppets and the fallen angels being the puppeteers.

**Alexander Jones** – Also known as Alex Jones is a radio talk show personality. He has had Steven Greer on for numerous interviews. Most of the topics included the subject of the New World Order and the order to keep secrets from the public. In other words, he was advocating for disclosure in a broad form, but also disclosure of the UFO reality.

**The Seventh Son** – In folklore it is said that the seventh son of an uninterrupted male line is endowed with special occult powers. In the David Jacobs book “They Walk Among Us,” Jacobs asserts that witnesses of alien/human hybrids rarely see female hybrids. It would stand to reason that it might have taken 7 generations of hybridization for the aliens (fallen angels) to produce what Jacobs calls “hubreds,” creatures that look identical to humans in every way which would make them the golden children, so to speak, of hybrid achievement. If Greer succeeds in pushing through legislation to legalize these ultimate illegal aliens they could take over every sector of society and never be known to be aliens. It is an interesting thought and sort of spooky too.

**Ethyl-enedia-mine-triacetic Acid Side Effects** – Steven Greer formally worked in a trauma center. This compound is used in two things of a medical nature. It is used for heavy metal (e.g. lead) toxicity and it is used in digoxin toxicity. Digoxin, often called digitalis has a very narrow therapeutic window. In other words, it is easy to take too little or too much. Taking too much can

lead to cardiac arrest, which would land someone in a trauma center. Whether Greer ever used this compound or not is unknown, but he certainly would be aware of it.

**The Three Sevens** – Do you remember when we looked at the numeric value that stood for Forbidden Knowledge? Well, the number 777 ties in with that according to those who are into numerology. Here is what the number is supposed to represent according to an occult source:

*Sacred Wisdom Keeper — 777*

*777 is a sign of secret wisdom. You are the keeper of sacred spiritual knowledge. This has been revealed to you because of your dedication to your spiritual path and the Universe's trust that your soul will share it with others as needed for their personal evolutionary journey.*

*If you are seeing the number 777, it means that you are a great spiritual teacher.*

*Through your introspection, you've come to see how the spiritual and material worlds are perfectly intertwined.*

*You've studied the spiritual principles that underlie the material world, and discovered that spiritual transformation leads to transformation in the material world. 777 is a sign that you understand the true alchemy of the soul. You've learned how to transform lead into gold, spiritually speaking.*

*The Universe is signaling that you are a guide for other spiritual seekers who long to refine their spiritual nature the way you have done. By discerning the voice of your intuition, contemplating the unknown questions of life, and applying what you discover, you've truly made noteworthy spiritual developments.*

*Now, it is time for you to be a sacred wisdom keeper and teacher for others who wish to follow the path you have taken. You will be noticing more people are coming to you for spiritual advice, and being receptive to the insight you have to share.*

*Seeing 777 on your spiritual path indicates you've ascended from student to teacher. You have been divinely given hidden knowledge that is only accessible through meaningful spiritual contemplation. The Universe trusts you will use this knowledge for the highest good and continue to share it for the betterment of humanity.*

Remember now that this is occultic thinking, but everything occult stems from the knowledge that fallen angels give to mankind. So, according to what is written by these people, a person who meditates often can gain secret knowledge. The fact that their number is 777 according to them, is that it denotes that the holder of that number is free to reveal the secret knowledge to those they think worthy of receiving it. We learned from Greer's bio that he taught TM so he an adept. Since he has had some sort of communion with otherworldly beings they have given him information that they want him to know and it appears that he feels the freedom to share both in the knowledge of UFOs (their knowledge) and what their plans are and how Steven is supposed to work their agenda into our society. **Over The Target** – Steven Greer, when it comes to Full Disclosure of Alien Life and UFO visitation is right over the target, and he's been over the target for decades. His targets are the governments of this world, The United Nations, various religions, and certain segments of society, but even though he's over the target it appears that he's dropping bombs that are duds. Why are they duds? Well, he's preaching to the choir, so to speak. Most if not all of the entities mentioned above know the truth, but they're not allowed to release that information. Why can't

they release it? Well, maybe it's because Greer's truth would upset many world religions, though the presence of aliens could justify most religions. The governments might not want to have a panic on their hands, but I think it's safe to say that society, at least here in America would welcome the revelation of aliens, that is if they keep their disguise as aliens. Ask people in churches. Very few of the faithful believe that we are a special creation of Yahweh. Yes, Greer is over the target, but while his targets have their shields up and at full power, Greer's truth won't be allowed to be acknowledged. Oh, and since it is fallen angels that rule the world right now, maybe they don't want the truth to come out yet. Imagine that.

**Don't Know Him** – This could be a reference that Greer doesn't know and has never known of Yeshua. HE grew up in Charlotte, North Carolina, a very Christian place, so it would probably be better to state that Steven has denied the Godly faith in place of faith that space brothers will save us from ourselves.

**Savoy** – I looked quite extensively to see how this name fits in numerically with Dr. Steven Macon Greer. The definition of Savoy is:

*a noble family of Italy that ruled over the duchy of Savoy and became the royal house of Italy (1861–1946): the oldest reigning dynasty in Europe before the dissolution of the Italian monarchy [Source: dictionary.com]*

What I find interesting is that both Steven Greer and Michael Dolan, both men being expolitical in nature, do not have family histories that one research. Like Dolan, it appears that Greer just arrived on earth 65 years ago, with no father or mother, no siblings, or any other relative. Why do such notable men not publish their heritage or family history is a mystery.

**The Salvation of God** – As I have mentioned in other gematria searches, there is one supreme God and many minor demonic and fallen angelic entities that assert godhood. Where Steven Greer is concerned, the salvation god is not the Biblical God but comes in the form of a pilot of a UFO somewhere in the cosmos. There is a phony Jesus, that bills himself as Sanada Jesus who blazes back and forth in a UFO throughout the universe, and perhaps that is the salvation god that Greer is waiting for.

**President-Elect Joe Biden** – While I haven't heard Joe Biden say that he will bring about full disclosure, I doubt it seriously that he will take on the project. IT seems to be a project that Presidents are warned away from.

**Networking** – Networking is something that Steven Greer excels at. Most adherents of a supposed UFO reality and alien revelation do network with Greer. Even people like military brass, heads of state, and others are part of the network. It seems that it's perhaps the aliens themselves that do not want to be revealed yet. Rest assured, that once a world crisis of great magnitude arises, something like an extinction event, they will then disclose themselves to the world.

**Yeshua Ben Yair** – This name is interesting. While I haven't found anyone of note that could be considered worthy of note here, the name does have a meaning. Yeshua is Hebrew for Salvation. Ben is Hebrew for Son and Yair is Hebrew for He Shall Enlighten. Could this be the name of the Son of Perdition that will come to this world as a counterfeit of Yeshua Ha Mashiach? His name is Salvation's Son Will Enlighten. Enlighten means to bring light to. Lucifer means Light Bearer. Is this a man who will come with the light of the light bearer to bring a false sense of salvation, only to throw the world into chaos and mourning?

**So Obvious** – Many things are obvious to those who are searching for the truth. To those of us with discernment, we see Greer's quest one that will introduce fallen angels and demons into our society, and they will be accepted by a wicked generation. For Greer, it is most likely obvious that his quest is just and that he's doing the world a favor, or himself some notoriety.

**Greed And Power** – This phrase is applicable in so many ways. First off, these so-called aliens are not our benefactors. They are coming here to take over, to exert great power over the human race, and to take anything that they please. They did this before the flood, after the flood and they're going to do it again in our modern era. They have been doing it throughout our history, but at the end of the age, they will intensify their efforts. As for Greer, can you imagine the power that he will receive as the person that advocated for and fought for the rights of these beings to manifest on Earth and be accepted? He will be offered anything and everything that he ever wanted. I hear that the office of a false prophet is vacant.
