

## WHAT DOES THE GEMATRIA SAY ABOUT THE ILLUMINATI?

By David Ben Ya'akov

What I present below is a numerical word match using the Hebrew Gematria. The Gematria takes English letters and words and transliterates them into Hebrew letters and/or words. It then matches up the numeric values of the letters and matches these letters with words that have been entered into the Gematria database. Finally, it takes English words that match numeric values and reveals them to the person searching for the numeric values. I do this for entertainment purposes for the most part, but the matches to words and/or phrases are sometimes remarkable upon which time I present them to you, the reader. So, let us proceed to find words and phrases that match the numeric values of our search word today which is "Illuminati."

**Gods Miracle Math** – First off, the term god is a generic term. To the Christian, the name signifies Yahweh, to the Muslim, it is Allah (Which is not Yahweh), to the Hindu's it can be a variety of gods or perhaps the Brahman which is the head of their polytheistic godhead and to the atheist it can be defined as a man and his achievements. The Illuminati reveres something called Sacred Geometry. They use this sort of mathematics in various ways, from making decisions to deciding when the right window is open for NASA to launch their rockets into space.

Christian author David Flynn (deceased) figured out how the Illuminati uses sacred geometry and wrote books describing how certain numbers are important to this hellish group of people, numbers like 11, 13, 33, and sequences of 1,4, and 7 are all used to determine what they will do and when they will do it. For instance, NASA will never launch a rocket into space unless the star Sirius is 1.47 degrees above the horizon. The number 33 is used by illuminated groups in

many different forms and is sacred to them. Therefore, the term, “gods miracle math,” is a number that doesn’t signify miracles in the way that Christian dogma defines dogma, but it defines what days, dates, and other figures guide the Illuminati.

**God's Dragon Info** – In scripture, the dragon is a representation of Satan. The Illuminati play an important role in end-time events because they believe that they will or perhaps are orchestrating the birth of a New World Order whose spiritual component will be the One World Religion. The dragon figures into this scenario by being Satan who will be to the Anti-Christ what Avinu (God the Father) was to Yeshua while he lived in the flesh on earth. I do not doubt that the Illuminati possess knowledge about who this man of perdition will be and they are preparing him to rule over the Earth for what they hope will be 1000 years of enlightenment but will be a short 7 years reign of terror on Earth. So, what this short phrase means is dualistic in manner. Of course, Yahweh knows all info about his adversary and his son who will ruin the world. In the same manner, the Illuminati know their god’s (small ‘g’) info, revealed to them by their ruler, Satan.

**The Secret Lord** – The Illuminati’s secret lord isn’t much of a secret, they call him Maitreya. Yes, the secret is who he is and where’s he’s currently living, but as for his name, he made it quite clear when Benjamin Creme took out full-page ads in major newspapers announcing Maitreya’s coming. Another secret aspect to this individual is that he will appear to all mankind as all incarnations (as the world sees it). In other words, He will appear to Christians to be the Christ, to Jews, the promised Messiah, to Muslims, the last Imam, and so on. Preparations for this started decades ago when people were brainwashed with the idea that we all worship the same god, telling us that all religions have the same hopes and aspirations, never pointing out that perhaps three or four things were alike in most religions but myriads of differences will always remain. Currently, in America, we are being bombarded with the retarded notion that

Christians, Jews, and Muslims worship the same god. While it might be true for Christians and Jews, Allah is and always has been a false god he was the moon god that the Arabs worshipped before Mohammad came on the scene with his false doctrines. So, the secret is that humanity will be duped because humanity will not question and the majority of people would rather be told what to believe rather than doing some simple research which reveals quite simply that the Illuminati and the New World Order are lying to us. Back in the 80's we used the term Maitreya will betray ya, and it appears that is still true today.

**Omega God on Earth** – The Bible contains passages where Yeshua refers to himself as the Alpha and Omega, the beginning and the end. Omega is the last letter of the Greek alphabet, hence, Yeshua is saying that he was the first and is the last. Lucifer or Satan (whichever moniker you prefer) has never had an original idea. Since the Antichrist will claim to be a god on Earth, it is not surprising that he will use Yeshua terminology and claim that he is the last or Omega god on earth. Some people (or entities) never learn, and I guess that Lucifer and Antichrist are no exception, oh, and let's not forget the earth's master manipulators, the Illuminati, who never seem to learn either.

**Bad Entries In Hell** – There are degrees of people who will enter into hell. Some will be those who did good works but did them for themselves and not for Yahweh. There will be some who lived riotous lives with the lie embedded within them that states that hell doesn't exist, nor does Satan. There are others, like psychopaths and sociopaths who just don't care. Then, there will be those like the New Age adherents and their masters, the Illuminati who knew that their doctrine was off but did evil anyway. Those will be the bad entries into hell, the bad actors, and the intentional sinners. What many fail to realize is that there will be a few who will bypass hell and

will go immediately into the lake of fire; those being the Antichrist, the False Prophet, and Satan himself, along with the angels that fell with him during his rebellion.

**Starship** – It is so interesting how the Gematria works. Here we have the word Starship and the Ashtar Command in the same numeric equivalent, and both of these words are very popular within the New Age Community and the Illuminati. According to a woman who channeled an entity named Tuella, both endorsed by the Ashtar Command (See Below), Starships will remove millions of the New Age faithful from Earth before a cataclysm affects the earth. Interestingly, these books (or the information therein) talk about a group of trouble makers (Christians) who will be taken away to some special place where they will be out of the way. See more below.

**Illuminated** – This is a New Age term that refers in a metaphysical sense to not only seeing the light but embracing it, the light being the spiritual powers that run the universe. It is defined very well in Encyclopedia.com where it is described as:

*During the 1960s, the basic belief system and millenarian expectations of the UFO groups were adopted by various utopian communities, the most famous of which is the Findhorn community in Scotland. The members of these communities were trying to live in a new way, in tune with the laws of nature and the universe. They were trying, in the spirit of "The Great Invocation," to be "Centers of Light," or focal points in a network from which spiritual illumination would eventually spread out and encompass the globe.*

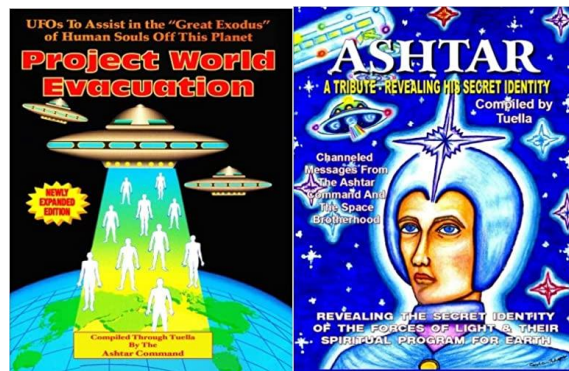

This has sort of evolved into other ways of finding enlightenment, such as tuning into higher vibrations, with their noting that normal humans need to evolve into a higher form of humanity by attaining higher vibratory aspects. The term or definition of Homo Noeticus is this next step and aided with technology it will culminate with mankind attempting to become Homo Deus, or

God-Man. Isn't it ironic how mankind is trying to emulate the promise by the Nachash to Chava (Eve) when he said, "You will not certainly die when you eat the fruit but God knows that when you eat of it you will be like God, knowing good from evil?" Satan's old lies of you will not die and you will be like God are still his primary promise to get mankind to walk away from Yahweh. The Illuminati, through various forms of media, is helping to perpetuate this lie so that when the time comes to introduce the Luciferian Initiation people will accept it without hesitation.

**Ashtar Command** – Ashtar Command is a group of fallen angels and demonic entities who channel messages through various mediums to instruct mankind to move into higher evolutionary paths. One such demonic entity, known as Tuella. Ashtar Command sells a variety of books channeled by these entities. The basic theme of these books is: mankind is evil and in decay. Aliens will come to bring establish order. There is a great cataclysm that is coming. Some will be saved by transportation into large UFOs while malcontents (like Christians) will be taken to another safe place. This seems to suggest that the New Age has its very own rapture plan and that it might be concurrent with the Christian Rapture where believers are taken to be with Yeshua while Yahweh executes judgment upon the Earth. In Ashtar Command's own words they are:

*WHO IS ASHTAR? Man or Myth? Name or Title? Space Commander or Archangel? Intergalactic Spiritual Leader? The name Ashtar has become widely known in UFO Channeling circles for several decades. It is said that his messages are being beamed from a colossal Starship -- or Space Station -- beyond our atmosphere. According to his primary channel, Tuella (author of Project World Evacuation and On Earth Assignment), Ashtar is directly under the sponsorship of Lord Michael and the Great Central Sun*

*Government of our galaxy, and is second only to the Beloved Jesus-Sananda in responsibility for the airborne division of the Brotherhood of Light. A great deal of Ashtar's popularity is due to his philosophical approach to our global problems and his efforts to raise our planetary vibrations. His work is aligned to that of the Federation of Free Worlds that comprises the totality of the Space Commands throughout the entire Omniverse. This volume contains the most recent information channeled by the Ashtar Command and consists of vital data on coming world events; the ongoing war against evil; and personal messages for world leaders and world conspirators; as well as those serving the Light regardless of their status on Earth at the present moment.*

Personally, in the same manner, that the higher degrees of Masonry know what their cult is all about, so the Illuminati know what all of this channeling scatology is all about. There may be some who buy into it

but those higher up in the Illuminati probably know that this sort of stuff is used to lure in people who seek faith in something and also some who are mentally ill and will believe anything. For sure, this stuff is not for followers of Yahweh, but for those who are opposed in one way or another to the King of King and Lord of Lords.

**Maybe** – I wondered for quite a while how this word fits in with the Illuminati and then it hit me like a bolt out of the blue. How many of us have used this word when we try something and it doesn't work like expected. We surmise that "maybe" if we try it a different way it might work. Well, it is that way with the Illuminati. Those in the Illuminati are not stupid people. They are deceivers who have deceived themselves but are people with high I.Q.'s, at least those in the higher levels. Like every other field, there are the basic morons who join something because there is a promise of money, power, or fame and yes, they do achieve these things, at least for a little while. However, after a short while of getting what they want they have the rug pulled out from underneath them and they end up like all disciples of Lucifer, poor, broke, and without hope. Lenin had a word for the lower-class members of the Communist Party, he called them Useful Idiots. The upper crust of the Illuminati knows well their doctrine and purpose and they are far from idiots. They are clever, cunning and they do prosper in their wickedness.

However, what I find surprising is that the upper crust of the Illuminati, having studied history as well as many other subjects, and after having read about them failing time and time again, will again juxtapose themselves to what is true and right and what always works, and that is faith in Yahweh, and Yahweh alone. In psychology, there is a saying that insanity is exemplified by someone doing something that has never worked before and cannot work but trying to make it work anyway. That pretty well sums up the mission of the Illuminati. They have chosen a loser to follow, an entity that has never had an original thought is going to try to usurp the being that created him, and who they have to know will end up in everlasting chains in a lake of fire and brimstone for eternity. I realize that those in the Illuminati would probably term me crazy for serving Yahweh, someone that I have never met face to face and whom I worship through faith in spirit and truth. As the saying goes, the proof is in the pudding and when all things are over, I

know without a doubt that my salvation is assured and eternal, and that their fate is disastrous and eternal.

**Yechidah** – This word is defined as: “(Judaism) One of the cabalistic aspects of the soul, that of being one with God.” Kabbalah is Jewish Mysticism. While many Christians, especially those who are Pentecostal or Charismatic see Kabbalists as deplorable because they are involved in mysticism, some of the tenants of esoteric Christianity embrace things like miracles, the gifts of the Holy Spirit, and such. Esoteric Christianity shares more with the Kabbalah than they might care to know. In this instance, I am speaking about God with a capital “G,” denoting Yahweh.

The Illuminist shares the same want and desire, to be one with god (small g) denoting that whether he or she realizes it or not, that god that they seek to become one with is the great deceiver. They’ve got the right idea, but have picked the wrong team.

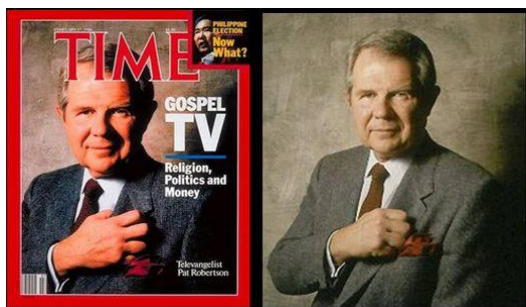

**Spirits** – While very few people know who is in the Illuminati, one thing is clear. They are opposed to Yahweh and their purpose is to get humanity to reject Yahweh and to worship Satan. We are told in Ephesians, chapter six, that as believers we are not in a battle against flesh and blood, but against spiritual entities, from the elite of fallen angels to the lowest dominions of demons. The battle is spiritual. I contend that although our reality seems quite real, the spiritual realm is probably more of a reality than our linear reality. The last order of entity in Paul’s cadence of evil is “spiritual wickedness in high places.” According to the Greek word for this, this is the atmosphere below the mountaintops, the lower atmosphere. I have a feeling however that the meaning is greater than this. I do think that many of those in the higher echelons of the Illuminati is not human in their entirety. Some purport that these “people” (and I use the term loosely) are hybrids between fallen angels and mankind.

**Look at this** – The Illuminati and the Masonic Rite use many hand symbols to let others know that they are part of the clan, so to speak. The skills for the Illuminati use various eye symbols. The Lion's Paw is used mostly by the Masonic Rite but sometimes by the Illuminati and the hand sign for a follower of Baphomet (Symbol for Satan) is used by many, sometimes on purpose, or sometimes, like at rock concerts it is used in ignorance by many.

Above are the symbols used by useful idiots in the entertainment industry. It isn't a fad, it's a symbol that they recognize that they got their fame and fortune through the Illuminati. I will admit that some of these morons above might be victims of ritual abuse and Majestic 12 mind control, but it is no different than an ancient poor Israelite wearing an earring to show that he is a slave to his Israelite master.

I'll bet that when Time Magazine took the picture above, they shouted with joy that they found out that Pat Robertson is a Mason and an Illuminist. Pat is quite adept at making the symbol with his hand and showing to his handlers that he's with them and that he has infiltrated Yeshua's Church. If you ever have to go to court and you're before a judge and you want to get off or get a reduced fine, make the symbol that Pat is making above. A vast majority of Jurists are Masons.

George W. Bush hoodwinked many people when he made claims that he was a Born-Again Christian. There are countless pictures of old Georgie making this hand symbol. This was not a mistake and he didn't make this gesture because he mangled American Sign Language. This is clear evidence that George Bush (and probably his father was too) a worshipper of Satan. I do

believe that when all is said and done, we will find out that most people, aside from Trump, were or are worshippers of Satan.

So why did I place these pictures here? Again, those who are supposedly “illuminated” like to show others of their kind that they too are illuminated. They’re saying, “Hey, look at this,” just like the Gematria numeric value said that they do.

**It Is Happening** – many of us took comfort when Donald Trump was elected president. He promised to drain the swamp of the Illuminati schill and Masonic scat that infects America. While many wait for his to come riding back into Washington DC with tanks and jet fighters flying overhead what is probably the sad truth is that the New World Order will progress and that “It is happening,” whether we like it or not. I do believe that Donald Trump was placed in office for that four short years to show us the sick effluent that lives in Washington, but most of us sat back and let him do all of the work. And maybe, just maybe Yahweh allowed him to expose Washington, Hollywood, and the MSM to show us how corrupt we all are.

**Itanimulli** – Looking up this word yielded immediate results. Itanimulli is Illuminati spelled backward. What was even more interesting is that, as the picture below proves, typing in that name with a .com suffix brings you to the Gencyber portion of the National Security Agency webpage. It is an intentional redirect and it happens when you type in the backward spelling plus a .com. To minimize my time at a governmental monitoring website I withdrew immediately from the NSA site. Draw your conclusions. Below is a screenshot of the page that one is redirected to:

**Lady Di** – Diana Spencer married into the Illuminati bloodline that is the leadership of Great Britain. From what I can gather, she was delusional when it came to believing that the Illuminist Queen and her serpentine family cared about the British people. With that delusion shattered, she tried to show empathy for the English people and was castigated by the Crown for caring about the common man and woman. She was too good for the likes of them. After her divorce from Charles, she was courted by a middle eastern man and it is rumored that she was pregnant with this man’s child. This was too much for the Serpentine Clan who, in my opinion, and the opinion of many others, had her murdered in France in a classic (almost Clintonian) traffic accident with a tunnel. Lady Di, as she came to be known never fit in with the Illuminati leadership of Great Britain and paid the ultimate price when they thought that she betrayed them. The fires of hell are not hot enough for the Illuminati.

**Impossible Page** – If you have studied scripture in any depth you conclude that Yahweh knows the end from the beginning and the beginning from the end. In other words, he has written history and has anticipated every little detour or de facto plan that His enemies will try to change that history. It’s impossible to thwart the plans of Yahweh because of his omniscience, his omnipresence and he owns the only typewriter that can type the events of history. In Yahweh’s

eyes, everything is done already and absolutely nothing can change the plans of the Master who lives outside of universal linear time and outside of creation itself. The Illuminati in all of their secret meetings, their clandestine conversations, and their delusional perception of writing their history, their page so to speak, fail to take into account the immutability of Yahweh's reign, His plans, and their outcomes. It would sort of be like me writing the story about my parents and their union that one day in 1958 when their actions led to my conception and writing it like it was a new event. Sorry, that event happened some 63 years ago and writing it like it would be my plan, my idea, and my will is sheer folly. We must remember however that we are dealing with people who through their actions and their faith in the ultimate loser have taken upon themselves the insanity that their spiritual leader has possessed for millennia. We're talking about people who were born to perdition and who will go into perdition with absolutely no chance of any sort of redemption by Yahweh through Yeshua, and they are perfectly aware of this fact while they plan (or try to plan) the world's future with the help of insane spiritual beings. There is an impossible page to write because their plans are already known and the history book that is in Heaven records their plans as failed human historical bovine scatology.

**Hell Ruler** – I could find no written works where the Illuminati believe that they will rule in hell if you define hell as being an abode within the earth where the spirits of the evil dead exist. On the flip side of this coin, the term aptly describes what the Illuminati is trying to accomplish in our linear existence on earth's surface. One merely has to read the book of Revelation to see what the Illuminati and the Illuminati's god will inflict upon the earth, not only with an attempt to eradicate Christians and Jews but all of mankind. Remember, men were made in Yahweh's image, and all people, no matter how good or how evil they appear are a reminder of Yahweh's special creation of mankind to have dominion of Earth and all of creation, usurping the plans that

Lucifer concocted to be lord of linear time and space. The Illuminati will help Lucifer, AKA Satan or The Beast to try their best to accomplish his goal, but Yahweh has promised in Revelation that God will destroy those who destroy the Earth.

**Forgotten** – There was a time in the 18<sup>th</sup> Century when the Illuminati were almost forgotten. According to historic accounts, the king of Bavaria suspected that the Illuminati was trying to usurp his leadership and his throne upon which time this king just about annihilated the Illuminati. After this time the Illuminati went into stealth mode, marrying and intermarrying and from time to time they would infiltrate the royal families of Europe. They kept their existence a secret and did so effectively through the middle of the 20<sup>th</sup> Century. By this time, this forgotten group of people had started up central banks in Europe and other areas of the world and had accumulated great wealth and power. They promulgated the idea of ridding the world of monarchies or at least denying them any power. In 1776 they effectively pulled off a revolution in American Colonies and formed the United States and later that century did the same thing in France. They have been behind every war and skirmish in modern history and become very wealthy by financing wars on both sides of any conflict. At our time in history, they are getting much more comfortable with coming back out into the open. This once-forgotten secret society is flourishing. If you visit their website, they are actively recruiting new members from every segment of society. Once forgotten, they are no longer forgotten but are vastly becoming highly visible.

**Come Out** – This numeric value is twofold. First, it is an invitation for the people of the world to come out of the current religious and political systems to join them in their crusade to form the One World Order. On the other hand, it is a command from Yahweh to come out of the Beast system that is now forming. Yahweh is telling His people to come out of the Beast system so that

they do not share in the punishments that He will inflict on those who are opposed to Him. While this might seem like an easy thing to do for many people, it is difficult because the Beast system has already worked its tentacles into every segment of human society.

**Hussain** – This is an Arabic man’s name that means “beautiful.” When you research this name in association with the Illuminati many sources speculate about Saddam Hussein being a member of the Illuminati. The answer to that question I think is a definite “no.” First off, Saddam Hussein was a Sunni Muslim and was opposed to the Shiite Muslims in Iraq. He tried to exterminate them. The Shiite Muslims are the group that is predominate in Iran (formerly Persia). While Iraq, or Babylon does figure into the end times, it is representative of a false religious and monetary system, whereas Persia is spoken of many times in last days events as being a warring aggressor set against Israel. Saddam Hussein was a dictator, which doesn’t fit very well into the Illuminati scheme of things, the same as Moammar Khaddaffi the former leader of Libya, both of who seemed to be opposed to giving up power like the Illuminati wanted them to do. If the word Hussain fits anywhere into the Illuminati plan it is through the actions of Barack Hussain Obama, who has demonstrated time and again that he is an Illuminati puppet. If the covert war that he was fighting against a sitting President Trump isn’t evidencing enough for you then nothing is.

**Satan And Moloch** – The Illuminati has many ties with Moloch and Satan. Just research Bohemian Grove to see a list of world leaders that attend meetings at this grove in California. They conduct human sacrifice there at the culmination of activities. The elites, which include many US politicians, practice Satanism in one form or another. The condoning of abortion is an act of worship of Moloch. Scripture mentions the condemnation of parents that cause their children to pass through the fires of Moloch. What the means is that those parents offered their children as sacrifices to a fiery hot bronze statue of a man’s torso with a bull’s head whose hands

were outstretched. The child was placed on the molten hands and killed. Abortion is the same act, literally, except without the glowing idol. The worship of Moloch is the worship of Satan, and it is rampant in America and around the world.

**Correlation** – I use the 1828 version of the Webster’s Dictionary whenever possible. So many words have become bastardized in the last 200 years that you really cannot get the true meaning of many words in modern dictionaries. Webster’s 1828 defines correlation as *Reciprocal relation*. For instance, there is a correlation between homosexual sexual practice and HIV or AIDS. Homosexuals have a greater chance of acquiring HIV or AIDS from their sexual practices than heterosexual couples do. Likewise, there is a great correlation between cigarette smoking and getting cancers of the mouth, throat, and lungs. In like manner, there is a correlation between being a member of the Illuminati and Worshipping Lucifer and that causes another correlation, that being that by worshipping Lucifer you’ll join him in the Lake of Fire for eternity.

**Stagnation** – When I think of stagnation, I recall a pool of standing water that has been in a lack of movement for so long that it starts to become odorous from organisms growing and dying in it, in other words, a swamp. Swamps usually contain lifeforms that aren’t particularly good for humans. Swamps often contain snakes, alligator-like creatures, mosquitos, leeches, and other malevolent entities. In recent years the areas of seated government in many countries have been compared to swamps, specifically, for this paper, I speak of Washington D.C... The Illuminati prefer that Republics remain in stagnation because people, in general, cannot stand stagnation and they will always demand a change. The longer that a government is stagnant the less it is liked. When this happens, the Illuminati offer alternatives like socialism, which the masses start to desire even though socialism in other countries never has worked and never will work, even if ingenious Americans try to make it happen. They know that the older generations will not accept

this solution to stagnation, so they inculcate the younger generations in places of higher learning, and now in even lower learning situations. The younger populace starts to resent the older populace just as the poorer populace resent those who earn income which causes division within families, groups, cultures, and yes, the nation.

**Grand Master** – Grand Master is an office that is usually associated with the Masonic Rite. He is defined as:

*A Grand Master is a title of honor as well as an office in Freemasonry, given to a freemason elected to oversee a Masonic jurisdiction, derived from the office of Grand Masters in chivalric orders. He presides over a Grand Lodge and has certain rights in the constituent Lodges that form his jurisdiction. In most, but not all cases, the Grand Master is styled "Most Worshipful Grand Master." One example of a differing title exists in the Grand Lodge of Pennsylvania, where the Grand Master is titled "Right Worshipful". Under the Grand Lodge of Scotland, the role is titled "Grand Master Mason".*

So, one might be asking what this has to do with the Illuminati? Many people think that the Masonic Rite and the Illuminati are different and distinct. Truth be told, they are both parts of the same entity, these days referred to at the Beast System. One is a false religion based on a political system while the other is a political system based on a false religion. When I think of the two, I am reminded of the Scottish song Loch Lomond. In the song, the singer tells his partner to take the high road while he takes the low road and that he'd be in Scotland before his friend. The moral of the story being that both are going to the same place, but taking different roads. They are two separate entities with the same mission. Just so that you are aware, the Illuminati, or the Ordo Templi Orientis (OTO) or Order of The Eastern Temple has orders and

degrees, many that mimic the Masonic Rite's Steps, but like one on steroids. They are as follows:

The entire system is as follows:

- ***The Man of Earth Triad***
  - *0°—Minerval*
  - *I°—Man & Brother*
  - *II°—Magician*
  - *III°—Master Magician*
  - *IV°—Perfect Magician & Companion of the Holy Royal Arch of Enoch*
  - *P.I.—Perfect Initiate, or Prince of Jerusalem*
- ***Outside all Triads***
  - *Knight of the East & West*
- ***The Lover Triad***
  - *V°—*
    - *Sovereign Prince Rose-Croix, and Knight of the Pelican & Eagle*
    - *Knight of the Red Eagle, and Member of the Senate of Knight Hermetic Philosophers*
  - *VI°—*

- *Illustrious Knight (Templar) of the Order of Kadosch, and Companion of the Holy Graal*
  - *Grand Inquisitor Commander, and Member of the Grand Tribunal*
  - *Prince of the Royal Secret*
- *VII°—*
  - *Theoreticus, and Very Illustrious Sovereign Grand Inspector General*
  - *Magus of Light, and Bishop of Ecclesia Gnostica Catholica*
  - *Grandmaster of Light, and Inspector of Rites & Degrees*
- ***The Hermit Triad***
  - *VIII°—*
    - *Perfect Pontiff of the Illuminati*
    - *Epopot of the Illuminati*
  - *IX°—Initiate of the Sanctuary of the Gnosis*
  - *X°—Rex Summus Sanctissimus*
  - *XI°—Initiate of the Eleventh Degree (This degree is technical, and has no relation to the general plan of the Order)*
  - *XII°—Frater Superior, and Outer Head of the Order*

### ***Sex magick***

*The degrees of the Hermit Triad are of a sexual nature. In the VIII° degree, the initiate is taught masturbation magical practices, in the IX° degree magical techniques related to vaginal intercourse, and in the XI° a form of sex magick involving anal intercourse.*

*The basis of O.T.O.'s sex magic is Crowley's theory of mixing of semen and female ejaculate released during the sex magic operation to produce an "elixir", which is ingested or smeared on an object for magical purposes.*

**PCR Test** – The PCR test is the test that they give you to see if you have the COVID-19 virus. Isn't it interesting that the Illuminati would be equated with this test? There are many, including myself, that think that the COVID-19 Virus (if it is a virus at all), was manufactured to fulfill the NWO's first commandment, that billions of people should be eliminated so that man can live in harmony with nature. I would not doubt at all that people like Bill and Melinda Gates, Anthony Fauci, and many others involved with orchestrating this supposed Pandemic are members of the Illuminati. But what about the PCR test? How can there be a test brought out so quickly to detect something that they're not so sure about in the first place? However, if you manufacture a virus that is designed to kill off billions of people (if it actually could work) you'd want to have a test and remedy to inoculate those pulling off the genocide just in case they came down with it.

**The Qliphoth** – This originally had to do with Jewish Mysticism called Kabballah. The New Age brought about offshoots of this, the main contributor being Aleister Crowley, the founder of the OTO who defines it thus:

*According to Aleister Crowley, the three evil forms (before Samael), are said to be Qemetial, Belial, and Othiel.*

*According to Israel Regardie, the "qlipothic tree" consists of 10 spheres in opposition to the sephirot on the Tree of Life. These are also referred to as the "evil twins". They are also the "Evil Demons of Matter and the Shells of the Dead".*

*Bill Heidrick gives his own interpretation on the adverse tree, saying that the spellings are "mostly reconstructions with alternatives. Nonetheless, it is believed that the majority of the above are at least suitable if not perfect". He also goes on to say that "These names are sometimes called the 'adverse Sephiroth' instead of the Demonic Orders. A. E.*

*Waite makes this later point in his Holy Kabbalah, page 256."*

**Yield** – This is a very interesting word as it seems to take on dual meanings. In Webster's 1828 dictionary it has transitive and intransitive meanings:

*Yield: Transitive Verb - 1. To produce, as land, stock or funds; to give in return for labor, or as profit. Lands yield not more than three percent annually; houses yield four or five percent. Maiz on good land yields two or three hundred-fold.*

*Yield: Intransitive Verb - To give way; not to oppose. We readily yield to the current of opinion; we yield to customs and fashions.*

As a transitive verb, it works with a noun in that it takes the noun and indicates that it produces something. Webster gave definitions for his day, but let us look at how it could be used in our modern-day involving the Illuminati. We know that the Illuminati own almost all of the media, news, television, the press, just to name a few. Through these mediums, they disseminate information that much of the public accepts because people have been taught to listen to those in this medium because they are supposed to be truthful, which of course we know is the polar opposite of the truth. Also, they have control of most of the institution of higher learning, turning

out, or yielding millions of useful idiots every year whom, filled with Illuminati propaganda sew the seeds which help to seed the fields of younger generations in almost perpetual fashion, that is, if people remain asleep and continue to suckle on the Illuminati tip, gulping down the bad milk before they have the sense to taste that it is spoiled.

As an intransitive verb, it works almost in perfect conjunction with the transitive verb. A good example is a fact that the Bible says that murder is wrong. We are taught by our parents, our Sunday School teachers, and socially that this is true, murder is bad. I do not contend against this Godly injunction, however, the Illuminati wage wars, always coming up with a reason why young men (and now women) should march off to war to kill men and women in other armies who are taught the same. Back during the Vietnam War, it became customary for young men who turned 18 years of age to sign up for the draft. Some did this willingly because they were told that the Vietnam War was honorable, a war to hold the Communists back. Others dreaded the draft, fearing that their number would come up in the draft lottery which would force them to fight. Others fled the country to other countries where they could hide from the government and the draft. Over the years we have learned that the Big Bankers, the War Military Complex, and others designed the war so that new technologies could be tested and the CIA was involved in transporting opium and heroin from Vietnam and China to poison many of America's other children. Most yielded to the government and many died. The soldiers that survived were cast as baby killers when they returned as a polluted American public turned against men who fought for their country, or so they thought.

A more modern definition can be seen in what we call the COVID-19 Pandemic and the response to it. Churches, which are guaranteed freedom to gather and not to be infringed upon by the government have yielded to the government, many remain closed down, simply because of one

scripture that tells us to obey those whom Yahweh has placed over us in authority. Had the First Century church obeyed the Roman edict against churches and gatherings other than pagan gatherings, Christianity would have never grown, but did it grow, or did it mature to the point where it got tired of taking on personal responsibility and shepherding the flock only to turn it over to a pagan and lawless government. With one Pandemic the Illuminati showed that it can control the majority of Yahweh's people with unconstitutional edicts and ungodly proclamations. Yahweh said, "From a lack of knowledge my people perish," and Christians fulfilled in perfection that prophecy.

**Dcaggckyc** – From what I've been able to research this is a code that was used in a Qanon post. It seems to suggest that whoever posted it used deliberate misspellings of "years" to signal that the arrests were going to start at or around 2019. I'll post the thread that I found on a Reddit site and let you make of it what you will:

*"Daniel Cameron, who just won the A.G. race in the Great Commonwealth of Kentucky, is a young and very talented political star. You will be hearing much from Cameron in the yesrs/years to come!" DCAGGCKYC = 64, Joe Biden=64, years=68, Barack Obama=68, yesrs = 86, game over=86, Soros=86.*

*Don't get me started on the time stamp references to Q drops. Do your own research. kek! All I'm going to say is I think it's habbening, frenz. Indictments coming [2019]. Pain coming. Game Over.*

**Cult Leader** – The Illuminati was founded by Adam Weishaupt on May 01, 1776, in Bavaria which was absorbed into what is modern Germany. The order has gone through many changes. In short, it was founded, persecuted, and then resurrected as an office in the Ordo Templi Orientis, a cult that was formed by Aleister Crowley who brought into it a strong occult influence. We talked about him earlier. Most would agree that the “cult leader” of the Illuminati was and is probably Crowley.

**Brother Panic** – One of the main doctrines of the Illuminati is “order out of chaos.” This idea was introduced by Aleister Crowley who surmised that if you create chaos and then come on the scene to bring order the public would adore you and maybe even worship you. When chaos occurs so does panic. This was witnessed when the financial depression occurred in October of 1929. Banks closed their doors and people were denied their money. With millions of people out of work, both organized and unorganized crime flourished, bring on the scene antiheroes like John Dillinger as well as Bonnie and Clyde, who terrorized the nation yet gained the admiration of many. When the financial chaos continued along with the panic, the citizens of the United States, instead of blaming the Big Bankers, blamed the Republican Party and elected Franklin Delano Roosevelt as president. Roosevelt introduced socialism into the American culture by introducing the New Deal, demanding that Americans turn in all of their gold and building a strong building infrastructure by paying men pennies a day for their hard labor. The Illuminati always uses chaos and panic to change society when they think that the time is right and sad to say, Americans always fall for it. If you fell for this whole Pandemic COVID-19 lie then you reacted just like the Illuminati wanted you to act.

**True Hell** – True has various meanings. Of course, it means the opposite of false, but it also is used to note a fidelity toward something or someone. Hell of course we know to be the abode of

those who died without the saving grace of Yeshua Ha Mashiach because they never decided for him. In Hebrew terms, it is what is left in Sheol and is often called Torments. Hell is also known as Satan's abode where he reigns and his minions, the demonic hordes torment sinners without ceasing. Real Illuminists are psychopaths and sociopaths. They do not care for anyone by themselves and what they can get out of life and hell. Yes, I said that right, they want to get something out of hell, whether they realize it or not. Many Illuminists believe that will reign in Torments much like Christians are promised to reign in Paradise with Yeshua. Unfortunate for them, they miscalculate Lucifer's intentions because they fail to realize that the visage of men is the conception of Yahweh, "come let us make man in our image, in our likeness..." and being the visage of Yahweh, Lucifer (Satan) hates every man, woman, and child, no matter who they serve on earth. After death, Illuminists will awaken to hordes of demonic hosts who will torment them more than those that they reigned over on Earth.

**Strong Man** – Strong Man in scripture is a reference to someone who is ready and has prepared his house from intruders. Mark alludes to this in the third chapter of his Gospel:

*No man can enter into a strong man's house, and spoil his goods, except he will first bind the strong man; and then he will spoil his house. Mark 3:27*

Notice how Mark says that a strong man's house cannot be spoiled unless the intruder first binds the strong man, after which he can spoil his house. The Illuminati has become very efficient at binding Christians, who are supposed to be strong men. The Church in general is so involved in earthly affairs that its members do not have time to keep strong. Christians work, then they do worldly things. On their days off the day is filled with watching sports, movies, or documentaries or gathering at functions where the last thing that anyone talks about is Yahweh, the Bible, or anything else of a pious nature. I know people who claim to be strong Christians yet they let their

children watch Harry Potter movies, movies where Wiccan incantations are freely read and pagan ideas are introduced into their children's psyche, only to say that it is "entertainment" only and not harmless. No, most of Christendom is weak. We see the intruders coming into families destroying them with all sorts of vile and ungodly things. The Christian divorce rate has surpassed the worldly rate. Was it not for the grace of Yeshua Ha Mashiach, I think that Yahweh would have done away with the church in write of divorce?

**The Essenes** – We should be thankful for the Essenes. They knew that Rome would destroy Judah so they took every book of the Bible, the Apocrypha, and the Pseudepigrapha so that we could know about the Illuminati and their antics. While the name Illuminati is not directly mentioned in these books, some groups match their content and character that these works warn us about. The Pseudepigrapha write in detail about fallen entities mingling their seed with human women, the entities that were born from the union, the origin of demons, and how fallen angels devise their plans. The Illuminati, I would venture to say is the seed of the serpent mentioned by Yahweh in the first chapters of Genesis. This seed is dead set against the Seed of The Woman (Yeshua and all real humans) and seeks our destructions. It is because of the Essenes that we have these works and other works like the scrolls of the prophets which match what you and I read almost word for word. It is because of the Essenes that we can try to figure out the moves of the Illuminati before they occur, or answer their actions as they occur.

**Connex** – This is a telecommunication company that operates out of Paris, France. While I can't find any direct connection, I did notice that many people who were advocating for joining the Illuminati did have email addresses that use the Connex server, making me think that it is a conduit that is used by the Illuminati.

**Bad Girls Club** – If you haven't noticed, many actresses flash Illuminati symbols. Some of the most famous modern popular singers, actresses, and even politicians are involved with the Illuminati. They are proud to show the symbology. Many of them were initiated into the Illuminati against their will, or without knowledge. Many are the product of Project Monarch, a CIA NWO project that turns people's minds into mush and makes them obedient slaves. I believe that women are attracted to the Illuminati through the promise of protection, which the Illuminati offers to everyone. In exchange for this perceived freedom, they are told to perform acts that anyone with morality would walk away from, but they are owned and are not free individuals if they've signed themselves over, or have been given to the Illuminati. Cathy O'Brien wrote a book titled "Trance-Formation of America," where she tells her story about being a Project Monarch slave. It is an excellent but disturbing read.

**Uncreated** – The Illuminati are obsessed with something called "uncreated light." We know that light is the source of illumination. Walk into a dark room without light and you quickly wish you had one. They see this uncreated light as being a force that they can build upon for knowledge. For example, a person has two eyes. The left eye to the illuminist is the symbol of knowledge, for build and things that have to do with physical matter. The right eye has to do with esoteric matters. The illuminist believes that if either eye is lacking it needs to conduct itself with the things that it is built for. What I find ironic about this notion is that science has proven that the left brain controls the right side while the right brain controls the left side. Science has proven that right-brained people (or left-eyed) are artistic while left-brained people (or right-eyed) are the builders, those who excel in math, engineering, and other such things. If science is a humanist endeavor, and Illuminati members want to achieve wealth and power then those are left-brained endeavors and this blows their uncreated light theory out of the water.

**Nik Bougalis** – This is a guy that works as a software engineer and cryptographer at Ripple, the crypto coin company. It has been rumored the Ripple is the medium that many banks around the world use for the exchange of cryptocurrency, thus making them the central hub for the central banks. We all know that the central banks are owned by the Elite, who are members of the Illuminati. When the economy goes down the tubes it is rumored that cryptocurrencies will be used as the medium of vending exchange, thus making Ripple a major player in the One World Economic System.

**Path of Teth** I'm glad that this numeric equivalent is last in this list because it is quite involved. Bear in mind that the information I share is occult. I neither practice nor condone or endorse the following material. I present it to show that the Illuminati while seeming to be benevolent and the protectors of mankind, are a copy of ancient archons and represented by fallen angels and demonic entities.

## **SUMMARY:**

By looking at the numeric equivalents of the Illuminati we see that they are a truly evil entity or organization. Perhaps organism is a better word. They have their roots in ancient occult symbolism and they are the machination of fallen angels and demonic entities. If one is interested in studying more and getting their information from the horse's mouth, so to speak, their website for recruiting is filled with candy-coated lies that you can use to interpret just how evil they are. They are quite possibly the platform that the Antichrist will stand upon as he conquers the world.

Their big mistake is that they are a front for the biggest lie that will come upon Earth ever. Also, their mistake is that they, being the creation, worship the god of this world, and not the Creator of all that exists. Their reign will be temporal, just a few short years after which they will be cast into oblivion along with Satan and his angels, who have been deceiving the Illuminati with lying promises of power and wealth, all things that will burn in the end with fervent heat, as scripture foretells. They win a battle, but ultimately lose the war, all for the sake of vanity.

I have presented this information to you the reader so that you can know your adversary, or at best his emissaries. They will make our life hard but only for a little while. We attain paradise and they obtain a fiery lake that burns for eternity to torment them. Trust Yeshua. Do what is right and do not fall for their lies and deceit. Resist the devil and he will flee from you. Draw

near to Yahweh and He will draw near to you. Yeshua said, “in this world, you will have tribulation, but fear not, for I have overcome the world.” Since he overcame, so shall we. To Yahweh be the Glory, the Honor, and The Power, forever and ever, Amen.
