

WHY I LOVE BEING A JEW

This is why I love being a Jew: Written by Dan Sporn from Israel :

Our condition has never been better than it is now! Only the television and the media make people think that the end of the world is near. Only 65 years ago, Jews were brought to death like sheep to slaughter. NO country, NO army. Only 60 years ago, seven Arab countries declared war on little Israel, the Jewish state, just a few hours after it was established.

We were 650,000 Jews against the rest of the Arab world. No I.D.F. (Israeli Defense Forces) or Air Force. We were only a small group of stubborn people with nowhere to go.

Remember : Lebanon , Syria , Iraq , Jordan , Egypt , Libya , and Saudi Arabia, they all attacked at once. The state that the United Nations “gave” us was 65% desert. We started it from zero.

Only 41 years ago, we fought three of the strongest countries in the Middle East , and we crushed them in the Six Day War.

Over the years we fought different coalitions of Arab countries with modern armies and huge amounts of Russian-Soviet ammunition, and we still won.

Today we have a beautiful country, powerful army, strong air force, and a thriving high tech industry. Intel, Microsoft, and I.B.M. all develop their business here.

Our doctors have won important prizes in the medical development field. We turn desert into prosperous land. We sell oranges, flowers, and vegetables around the world.

We launched our own satellite! Three satellites at once! We are in good company; together with the USA (280 million residents), Russia (220 million residents), China (1.3 billion residents) and Europe (France, England and Germany – 35 million residents), we are one of the only countries in the world that have launched something into space!

Israel today is among the few powerful countries that have nuclear technology & capabilities (we will never admit it, but everyone knows).

To think that only 65 years ago we were disgraced and hopeless. We crawled out from the burning crematoriums of Europe, we won in all our wars. With little bit of nothing and we built us an empire from nothing.

Who are Khaled Mashal (leader of Hamas) or Hassan Nasrallah (leader of Hezbollah) try and frighten us? They are amusing us.

As we celebrate our independence, let's not forget what this is all about; we overcame everything:

- We overcame the Greeks
- We overcame the Romans
- We overcame the Spanish Inquisition
- We overcame the Russians pogroms
- We overcame Hitler, we overcame Germany, we overcame the Holocaust
- We overcame the armies of seven countries

Relax chevray (friends), we will overcome our current enemies.

Never mind where you look in human history. Think about it, the Jewish nation, our condition has never been better than now. So let's lift our heads up and remember:

Never mind which country or culture tries to harm us or erase us from the world. We will still exist and persevere.

Egypt? Anyone know where the Egyptian empire disappeared to? The Greeks? Alexander Macedon? The Romans? Is anyone speaking Latin today? The third Reich? Did anyone hear news from them lately?

And look at us, the Bible nation – from slavery in Egypt, we are still here, still speaking the same language. Exactly here, exactly now.

Maybe The Arabs don't know it yet, but we are an eternal nation. All the time that we will keep our identity, we will stay eternal.

So, sorry that we are not worrying, complaining, crying, or fearing. Business here is beseder (fine). It can definitely be much better, but it is still fine. Don't pay attention to the nonsense in the media, they will not tell you about our festivals here in Israel or about the people that continue living, going out, meeting friends.

Yes, sometimes morale is down, so what? This is only because we are mourning the dead while they are celebrating spilled blood. And this is the reason we will win after all.

Please feel free to send the link of this page to all of your friends, Jew and gentile everywhere in the world. You are all part of our force to keep our existence.

This webpage may help some of us lift our heads up and be proud to say:

I AM A JEW

Delusion Resistance Note: While the letter above was written by someone who is obviously secular in opinion, it does show the determination of the Jewish People, but more importantly, it shows the determination and the miraculous power of El Shaddai who through a mighty hand has delivered the Jewish people over the millennia and who will soon fight for Israel and ultimately come back to redeem us as a people set apart unto Himself. Baruch Ha Shem Ha Mashiach Yeshua, Baruch Ha Shem Yahweh. [Blessed be the name of our Messiah Jesus, blessed be the Name of the Lord God of Israel!]
